City of Houston July 29th 1839

It appearing that an error has been in issueing the certificate to the heirs and representatives of John Williams decd from the documents now on file in this office, under the hands of R. H. Williams and Isaac Vandorn witnesses before the Board of Land Commissioners by whom the same was issued; and the former R. H. Williams as curator and administrator of the estate of John Williams decd having testified that on the day upon which said certificate was sold, the purchaser Benjamin I. White was informed that but two thirds of a League and Labor could be sold as belonging to said estate. Now therefore be it known that the foregoing certificate is to be respected as though it had issued for the above amount of two thirds of a league and one Labor of land the quantity justly due the heirs of said John Williams.

In testimony whereof I have caused the seal of the General Land office to be hereunto affixed the day and date above written
