Goliad, Texas 24th Feb'y 1836

Most Respected Friend,

I again take the liberty

of addressing a few lines to you, to let you know

that I am well at present, and that these

few lines may find you in the same. Our

Company has just returned to this from San

Patricio on the fourteenth of this month, and a few days are

going to march. Before we have seen some

hard times in this country for the last two

months, we have been living entirely on beef

as we are all most broke as we are cutting

up Tent Cloth to make us Pantilions.

F. Every man is his own tailor in this Army

F. A. A good many of us are bare footed, and

of all the rest, the scheme that was being

Provision Cloth has been wet down. She has

from New Orleans I heard to Calpe 15 and it is all

undergoing fatigue that we would not do if we

in the U.S. for the chance of up tripping

a few Mexican, I did intend to return

to the United States at this time, but there is a

time from here and about 12 miles nearer

take this country again your whole

force at this time don't exceed 200 men, but

the are willing to meet them when ever

they arrive there is no Corn or flour in

this country. I have not been from any

of my friends since I left the country.

The United States is one of the most

desirable climates that I have ever seen in, but I don't

like to be in another country or none at present. But Remains yours DC

Good Bye J. C. Logan

To Mr. Aries

1836.
