Dear Sir:

Your application to the County Surveyer of Harris County, covering the survey of a tract of land under the act of 1900, together with the field notes rendered in accordance therewith, calling for Survey No. 16, Blk, 288 acres, has been received, examined and not approved, for the following reasons:

Corrected field notes of H&TC Ry. surveys 8 and 10 call for lines and corners of the Sultzbaugh Neliz and Menifee surveys on their North, thereby taking up any excess? Also survey 11 H&TC Ry. calls for lines and corners of survey 10 H&TC Ry. on its South. Hence no vacancy can be admitted for this survey. This position is further illustrated by certified sketch of April 10, 1896 in Harris S. 120 H&TC Ry. surveys 7 and 8.

When corresponding with this office in regard to the matter hereto, please refer to School File No.

Mr. S. H. D. Gentry,

Dear Sir:

Application to the County Surveyor of
County, covering the survey of a tract of land under the act of 1900, to-
gether with the field notes rendered in accordance therewith, calling for
Survey No. 12; Blk. 200 acres, has been received, exam-
ined and not approved, for the following reasons:

Compared field notes of H. W. Gentry and 10 east for lines and
course of the Saltbough Wells and located corners on their maps,
thereby failing to any extent. Also survey of H. W. Gentry for lines and
corners of tract 10 HATCH, on the north, which no money can be added
for this survey. This position is further illustrated by certified copies
of April 20, 1899, in Harris Blk. 200 H. W. Gentry's map.
