Mr. Jules Hirsch,
Houston, Texas.

Dear Sir:-

You are advised that Survey No. 44 for 142 55/100 acres of land in Harris County, Texas, surveyed 7/20/08, for you, is this day rejected because according to the calls in the title of Arthur McCormick League for the meanders of San Jacinto River, and other data in this office, this survey appears to be on and is a part of the McCormick titled grant. And survey No. 46 for 752 acres, S.F.No. 8743, in Harris County, Texas, surveyed for you, 7/20/08, is also rejected because this survey is on what is known as Perkins Island, at the mouth of San Jacinto River in San Jacinto Bay, waters of Galveston Bay, on the Gulf of Mexico, within tide water limit, hence not subject to sale under Act. of February 23rd, 1900 and as amended also covers Harris Script 74, William Perkins, by calculation the field notes contain 752 acres instead of 690 and Sur. No. 44 contains 142 acres instead of 130 55/100.

Respectfully/

has no connection whatsoever with said survey. I hope
you will reinstate same as I am fully confident
