According to the plats on the old English field notes of the Moore, Williams and Thomas grants, and the field note calls of the above grants for Brays Bayou or creek, as well as in the Spanish title of same, the N. S. corner of Luke Moore League appears to corner on Brays Bayou, and in that event the Jacob Thomas would not include the 20/4 acres surveyed for A. E. Stinson under Act April 15/1906 (S.F. 8264), the Thomas does not call to run with the North line of the Moore League to the place of beginning. The field note and title of the said Williams called to run up Brays Bayou with its meanders on its north bank to the North branch of Luke Moore League N 70 W with Moore's line & c.

Mr. Harvey T. D. Wilson,

Dear Sir:

With reference to survey 97 for 2 3/4 acres of land in Harris county, S.F.8782, will advise that same is this day rejected. According to the plats on the old English field notes of the Moore, Williams and Thomas grants, and the field note calls of the above grants for Brays Bayou or creek, as well as in the Spanish title of same, the N.E. corner of Luke Moore league appears to corner on Brays Bayou, and in that event the Jacob Thomas would not include the 2 3/4 acres surveyed for A. E. Stinson under act of April 15, 1905, (S.F.8264). The Thomas does not call to run with the north line of the Moore league to the place of beginning. The field notes and title of the Saml. M. Williams call to run up Brays Bayou with its meanders on its north bank to the north boundary line of Luke Moore, thence N.70 W. with Moore's line &c. This survey covers the A. E. Stinson patented 2 3/4 acres S.F.8264 on map of Harris county, October 27, 1908.

Yours truly,

E. von Rosenberg/Young
