Austin, Texas,

Dear Sir:--

Your letter of September 20, 1910, relative to the application of the Texas Company to qualify to do business in Texas, has been referred to me for attention.

I have examined the application and find that the Texas Company is a corporation organized under the laws of the State of Delaware, and that it has a capital stock of $25,000,000.00, divided into 250,000 shares of the par value of $100.00 each. The application shows that the Texas Company has actually issued 250,000 shares of its capital stock, and that the consideration received by it for the issuance of said stock was $25,000,000.00 cash.

Yours truly,

Assistant Attorney General.
