Dear Sir:

In connection with the Wm. H. Beuhler, et al, tract of 299 acres immediately south of and adjoining the W. T. Carter III tract, this property has been in possession of the Beuhler family since October 20, 1869 on the north one-half, and since 1846 on the south half. This property is completely fenced and has been used to my personal knowledge for a number of years. The Beuhler family bought in good faith as a part of the Harris-Carpenter survey, and have held the same continuously since the above dates and have paid all taxes thereon. In view of these circumstances it is my recommendation that you make this award at the minimum price within your discretion; especially since the Permanent School Funds under the 1931 Act will receive a one-sixteenth of the minerals therein.

Yours very truly
