San Marcos Monday May 15th 1871

Hon Jacob Kenchler

Commissioner Gen'l L. O.

Your Communication of date 13th inst at hand. relative to the John & Jesse Huffman fieldnotes.

By inspection of said fieldnotes. the bearings of the beginning corner corresponds with the fieldnotes of the Burke and Smithson. The lines running in direction of the D Wilson & the Bawdiths. Surveys. the dist runs about 500 or 600 varas before reaching the south line of said Surveys.

In other words a vacancy of about 500 or 600 varas between the Huffman Surveys & the Wilson and Bawdith surveys, at the time of taking the survey I was not apprised of said vacancy

But to our actual Survey made since I find such to be the fact,

Very Respectfully

B. C. Hardin

Surveyor of Hays Co
