No. 15/381 Class, 3rd Quantity, 160 Acres

General Land Office,

Austin, March 28 1868

To any legally authorized Surveyor of the State of Texas:

This is to Certify, that Certificate No. 2369 issued to R. J. Hughes by the 2470 Commissioner of the Gen'l Land Office on the 11th day of March 1852, for Three Hundred and Twenty acres of Land, is now on file in this Office, upon which One Hundred and Sixty acres have been returned and patented, leaving a balance of One Hundred and Sixty Acres, to be located, which you are authorized to survey by virtue of this certificate.

160 acres Patented July 21 1868 Book

In Testimony Whereof, I hereunto set my hand and affix the Seal of said Office, the date first above written.

Honorable Jacob Kuechler

Commissioner of the Gn.l Land Office

By inspection of the accompanying plat and field notes you will see that I have found land vacant heretofore supposed to be located, By inspection of the field notes of the adjacent surveys, it appears that this is land between two Blocks of Surveys, the one Based on the J. Stuart League, the other on the Black Leading from the San Marcos Springs; And by inspection of old maps and Records it is Evident that the J. B. Atkinson survey, begins at a point on the Stuart line 6987 vrs West from the beginning Corner of the Stuart, it being the N Corner of Survey No 8. in name of Mary Ann Clark, premises Considered, it locates the Atkinson beginning Corner as above stated after giving Atkinson, his complement it leaves the Space as marked on the accompanying plat, between the Atkinson and the L. Hinton 214 & 22, shows on the present Co. map to close on the Stuart; by actual Survey such is not the case, a vacancy of 28 vrs by 1883 vrs as per plat, Also a vacancy between the Atkinson and the James W Williams, of 45 vrs. as appears

per accompanying plat.
Also the conflict of the Atkinson and Wm Hemphill League. See plat.
Yours Respectfully
B. C. Hardin
Surveyor of Hays County

Surveyors statement

filed Nov 5/72

If the surveyor wishes to establish a vacancy between the two surveys he has to state that he found the E. line of 320 acres survey on the S. line of Atkinson survey describing the said corners in the statement as he found the same on the ground and stating the distance between the same as found by actual measurement. All to which he has to testify officially if he wishes to have it regarded.
