No 17165 Class Third Quantity 160 Acres

General Land Office,

Austin, Texas, January 27th 1872

To any Legally Authorized Surveyor of the State of Texas:

This is to Certify That Duplicate Headright Certificate No 14/84 issued to Augustus Brichta by Francis M White Comr of Genl Land Office on the twenty first day of November 1860 for Two hundred & twenty acres of Land, is now on file in this Office, upon which One hundred and Sixty Acres have been returned and patented, leaving a balance of One hundred and Sixty Acres to be located, which you are authorized to survey by virtue of this Certificate.

In Testimony Whereof, I hereunto set my hand and affix the seal of said Office, the date first above written.

Jacob Kuechler
Commissioner.

See File 257 Travis 3d Class for orgl Supl Cert

General Land Office,

Austin, Texas, June 27th 1877

I, *J. J. GROOS*, Commissioner of the General Land Office of the State of Texas, DO HEREBY CERTIFY, that the annexed is a correct and true copy of the Original Certificate on file in this Office, and that the Field Notes of a Survey, located in Hamlin county, made by virtue of the aforesaid Certificate, have been returned to this Office, and having been found to conflict with Section 130 of the M.E.R.&P.R.R.Reserve that this Copy is floated in lieu of the Original Certificate, for re-location, but without any prejudice to the rights of any person by virtue of such Certificate, in accordance with an act, entitled, "An Act to better protect the Papers, Record and Files in the General Land Office," approved June 2, 1873.

In Testimony Whereof, *I hereunto set my hand, and affix the impress of the seal of said office, the day and date above written.*

J. J. Groos
Commissioner.

☞ For Original Certificate, See File. 4281 Hamlin 3d Class & 257 Travis 3d Class

C O Carpenter County Surveyor of
Hays County Texas

Note of Explanation

In making the above Survey I Began at the South Corner of the Daniel Downer Survey as marked by its bearing tree at 100 varas N 45° E and I untied the bed of Plum Creek here I found Some Elm timber marked with old Marks I ran on and at 285 varas reached the N bank of Plum Creek having crossed it on a course at 165 varas at 1344 a Stone md for corner at 1411 varas further I marked the S W line of the E Prewitt Survey I ran S 45° E with Prewitt line 500 varas to the N Corner of the John Stewart League I then ran South 45° W 160 varas to the S E Cor of the McBourn Survey Thence N 45° W 231 varas to the N cor of Dame then with its N W boundary 1720 varas to the N E line of the John Jones The Survey calls for this point to be 620 varas N 45° E by N 45° W 231 varas from the west Cor of the John Stewart League I find the Survey did not begin at the East Corner of the Green Survey in Caring the Downer & Elsen he conflicted it with the N line 154 by 344 varas I found the Stone Corner as called for and it exactly reached the Downer at 1150 varas from the S E corner of the Green Survey Calls 995½ varas on this line I find the West Corner of the Stewart is nearly exactly S 45° E from the S E corner of the Green Survey only 73 varas between the two corners and the line of the Green & Stewart Survey in the field is not covered by any other Survey

CHARLES ROGAN, COMMISSIONER.
J. J. TERRELL, CHIEF CLERK.

Hon. Chas. Rogan, Land Comr
Austin Texas

Dear Sir:-

As per my affidavit this day presented to you as showing I am owner of that portion of all the surveys surrounding and adjacent to the A. Brichta survey in Hays County as well as owner of said Brichta, I do, for the purpose of ~~of~~ having patent issued to said Brichta Survey, waive any rights to said surrounding surveys so far as they may appear by calls of field notes to cover or conflict with said Brichta. This is done because I know the Brichta land is there as I have fully and to my satisfaction found corners on the ground holding the surrounding surveys apart.

Yours truly

Dershu Bunton

State of Texas } Note of Explanation
Hays County } From the Surveys
had made on the
ground I know that the and Embraced
in the foregoing Field notes is not
Covered by the ~~[illegible]~~ Surrounding Surveys
For the following Reasons
1st The J N Green & The Daniel
Downer are held apart by
the Calls & the bearings of each
Survey on the ground - & while
the Surveyor Calls to begin the
Downer on the Green his bearings
and his Calls for Plum Creek shows
that he did not begin on the
Green NO 2 but was in stead
when he made the Green & yet he
does not call for it The Senior
Certainty Can not leave its Calls
and go to the Junior Nor the Junior
leave its Calls Natural & Artificial
and move to the Senior
2d As to the Calls of the M Kown
for the Downer we are met by the
Same difficulties The Bearings for the
N & E Corner of the M Kown
hold it away from the Downer
as well as its Calls for the Stewart
and for Plum Creek
