Davis Survey

Field Notes the Area

L S Jennings

Filed Aug 14, 1861

Calls for connecting with the North corner of No 416, the plot shows connection to F. P. Roundtree survey which is No 417 not 416 as mkd on the plot. According to the reading of the fieldnotes the survey will conflict with the survey with which it connects.

Supposition is that the North line on the plot should be drawn as indicated in pencil; that the connection should read 400 vrs N 45 W from the West corner of No 417 on the same to F. P. Roundtree.
