No. 77 **Land Scrip.** 640 Acres.

The State of Texas--General Land Office,

Austin, August 24th, 1875.

THIS CERTIFICATE *entitles the "RUSK TRANSPORTATION COMPANY" to* **SIX HUNDRED AND FORTY ACRES** *of Land, to be located upon any of the vacant and unappropriated Domain of the State of Texas, in accordance with the provisions of "An act to incorporate the Rusk Transportation Company," approved May 2, 1874; information having been received, as required by said act, that a section of fifteen and one-half (15½) miles, from Jacksonville to Rusk, has been completed by said Company in accordance with the provisions of said act.*

The Lands obtained under the provisions of said act shall be alienated by said Company within twenty years, one-fourth every five years.

The Lands granted to said Company shall be located in alternate sections, and surveyed in the following manner:

First. Two sections of land, adjoining and connecting with each other, must be surveyed, one for the State and the other for the Company.

Second. The surveys to be made square, unless prevented by previous entries or navigable streams.

Third. When the field notes have been returned to the Gen'l Land Office, the Commissioner will number the surveys and report the result to the Surveyor, who will fill up the blanks, left in his record for that purpose, accordingly. (As a matter of convenience in describing the surveys when reporting the numbers, the Surveyor should number the field notes temporarily in pencil.)

Fourth. In dividing the surveys, a fraction of over 320 acres will be counted as a whole section, and two fractions of less than 320 acres will be regarded as a section.

Fifth. The even numbers will be reserved to the State and the odd numbers to the Company.

IN TESTIMONY WHEREOF, *I hereunto set my hand and affix the impress of the Seal of said Office, the date first above written.*

Commissioner.
