The VLB Texas State Veterans Homes provide affordable, long-term nursing care for Texas Veterans, their spouses and Gold Star parents. Conveniently located across Texas, each first-class facility is designed to enhance quality of life with a clean, caring and dignified setting appropriate to those men and women who have served our country with honor.

Because the VA subsidizes much of a veteran's cost to stay at a VLB Texas State Veterans Home, daily out-of-pocket rates are well below average and include the cost of medications for Veterans. Residents can choose between a spacious private or semi-private room based upon availability. Alzheimer's units at each home provide highly specialized care, including beautifully landscaped, secure courtyards. Like all VLB programs, the Texas State Veterans Homes are self-supporting and cost Texas taxpayers virtually nothing.
