

Consistency Certification (CC) Checklist

Once the administrative review is deemed complete, the public notice and technical review period begins. To ensure all information is provided and to avoid a possible delay of the consistency review for a CC, non-federal applicants may use the CC checklist listed below as a guide for submitting consistency review requests to the GLO.

<u>Consistency Certification Checklist</u>	
<input type="checkbox"/>	All material relevant to the CMP's provided to the Federal agency in support of the application (which may include a list identifying all federal, state, and local permits or authorizations subject to the CMP and required for the proposed activity and its associated facilities)
<input type="checkbox"/>	A detailed description of the proposed activity and its associated facilities with enough information to adequately permit an assessment of the probable effects on CNRAs and coastal effects)
<input type="checkbox"/>	Any other information relied upon by the applicant to make its consistency certification.
<input type="checkbox"/>	Maps, diagrams, and technical data that includes mitigation plan if required
<input type="checkbox"/>	An alternative analysis
<input type="checkbox"/>	Habitat characterization
<input type="checkbox"/>	Any required surveys for the license or permit
<input type="checkbox"/>	detailed information shall be submitted when a written description alone will not adequately describe the proposal
<input type="checkbox"/>	A brief set of findings with an explanation on how their effects are consistent with Texas CMP goals and enforceable policies
<input type="checkbox"/>	Signed GLO CMP Consistency Form or equivalent documentation with signature.
<input type="checkbox"/>	On the SIGNED CMP consistency form, the following statement affirming "The proposed activity complies with the enforceable policies of Texas' approved coastal management program and will be conducted in a manner consistent with such program".
	<i>A CC is deemed administratively complete once the GLO receives a complete consistency certification that is in conformance with 15 CFR §930.57 and includes the necessary data and information described in 15 CFR §930.58 and §506.30(b)(1), (2), (3), and (4).</i>
