Eligibility Criteria

Eligibility for a permit will be determined on a case-by-case basis. The screening criteria for determining eligibility of an applicant (prospective permit holder) includes a review of the following:

- 1) general extent of past criminal activity;
- 2) recency and age at time of crime(s);
- 3) relationship of the crime to the ability, capacity, or fitness required to perform the duties and discharge the responsibilities of the permit; and
- 4) the extent to which a permit might offer an opportunity to engage in further criminal activity.

Signing this acknowledgement indicates that you have had the opportunity to review the General Land Office's selection criteria. The selection criteria will include consideration of a prospective permit holder's criminal history. If the prospective permit holder does not meet the selection criteria, or provides inaccurate or incomplete information, the Cabin Permit Application may be rejected.
