Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	4785		3590	75.03
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	11000
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Brookshire, City of	Local Government	$ 1,310,000.00

Location Description:

Construction for the Brookshire Drainage Improvement project shall take place in the City of Brookshire at 4th Street, 1st Street, and Stella Road.

Activity Description:

The City of Brookshire shall replace culverts and regrade ditches, improve outfalls and dams, and complete associated appurtenances for the Brookshire Drainage Improvements project. This activity meets the low- to moderate-income national objective through the use of city-wide state Standardized Area Median (SMI) waiver LMISD.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_E568_Brookshire_LMI_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-059-E569_Columbus_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/29/2024

Projected End Date:
06/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	1527		900	58.94
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	3764
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Columbus, City of	Local Government	$ 675,300.00

Location Description:

Construction for the Drainage Improvements Area 1 project shall take place in the City of Columbus at Austin and Houston Street Drainage and at Jackson Street Drainage.
Construction for the Drainage Improvements Area 2 shall take place in the City of Columbus at Robson Street and at Travis Street.

The service areas for the projects are distinct.

Activity Description:

Drainage Improvements Area 1
The City of Columbus shall replace storm sewer, install junction boxes/inlets/curbs/gutters, adjust utilities, replace culverts, and complete associated appurtenances.
Drainage Improvements Area 2
The City of Columbus shall replace storm sewer, install junction boxes/inlets/curb/gutter, adjust utilities, replace culverts, and complete associated appurtenances.
These activities meet the low- to moderate-income national objective through the use of a survey for the Drainage Improvements Area 1 project and the use of Census Tract/Block Group LMISD with the State Median Income waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SurLMISD_E569_Columbus_LMI_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-060-E570_HGAC

Activity Title: Flood and Drainage and Sewer Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
12/12/2024

Projected End Date:
05/31/2029

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 33,419,302.10	$ 33,419,302.10

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Houston-Galveston Area Council of Governments	Unknown	$ 33,419,302.10

Location Description:

Construction shall take place in Austin County, Fort Bend County, and Waller County at Simonton Pinch Point - North and Simonton Pinch Point - South.

Activity Description:

Flood and Drainage
The Houston-Galveston Area Council shall provide riverbank erosion repair, install stone and seed, and complete associated appurtenances for the Fort Bend County - Brazos River Erosion at Simonton Pinch Point project.
Sewer Improvements
The Houston-Galveston Area Council shall install gravity sewer, service laterals, manholes, lift station, and force main; upgrade central pump station; rehabilitate vacuum pit and collections line; and complete associated appurtenances for the City of Surfside Wastewater Improvements project.
This activity meets the low- to moderate-income national objective through the use of census tract and block group ACS 2015 LMISD for the Fort Bend County - Brazos River Erosion at Simonton Pinch Point project.

This activity meets the low- to moderate-income national objective through the use of City-Wide ACS 2015 LMISD for the City of Surfside Wastewater Improvements project.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	1533		838	54.66
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	
# of Non-business Organizations benefitting	
# of public facilities	1
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Orange County	Unknown	$ 31,091,100.00

Location Description:

Construction shall take place in Orange County at the Tiger Creek Detention Pond.

Activity Description:

Orange County shall construct a detention pond, install water control features and pumps, and complete associated appurtenances for the Tiger Creek Detention Pond project. This activity meets the low- to moderate-income national objective through the use of surveys.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SUR_E571_OrangeCo_LMI_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-063-E573_JeffersonCountyDD7_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
11/20/2024

Projected End Date:
01/31/2030

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	
# of Section 3 Labor Hours	
# of Total Labor Hours	
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	
% increase in pumping capacity	
% increase in number of acres converted to open space	

% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	
# of Non-business Organizations benefitting	
# of public facilities	10
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Jefferson County Drainage District No 7	Local Government	$ 41,367,400.00

Location Description:

Construction for the Pump Station Improvements project shall take place in the City of Port Arthur at Shreveport Pump House, Foley Avenue Pump Station, Delmar Pump Station, Memorial Pump Station, Houston Pump Station, Central Pump Station, Lakeview Pump Station, West Port Arthur Pump Station, and the 9th Avenue Pump Station.
Construction for the Halbouty Detention Pond project shall take place in the City of Port Arthur at the Halbouty Detention Pond.

Activity Description:

Jefferson County Drainage District No. 7 shall demolish an existing pump station; construct a pump house; install SCADA, air pumps, tanks, piping, controls, bay, and box culverts; relocate utilities; improve existing pump stations, including motor controls and generators; install or replace and elevate electrical components and instrumentation; and complete associated appurtenances for the Pump Station Improvements project.
Jefferson County Drainage District No. 7 shall increase capacity at the existing detention site. Improvements include site excavation; installation of a drain system, siphon structure, overshot gate, bridge, pumps and riprap; and completion of associated appurtenances for the Halbouty Detention Pond Expansion project.

These activities meet the low- and moderate-income national objective through the use of city-wide 2015 ACS LMISD with the State Median Income waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Hardin County	Unknown	$ 7,850,000.00

Location Description:

Construction for the Gore Store Channel Crossing and Roadway Improvements (Silsbee/Kountze/Village Mills) project shall take place in Hardin County along Gore Store Road.
Construction for the Silsbee Roadside Ditch & Channel Improvements (West side of FM 92, North/South of Hwy. 327) shall take place in Hardin County along Myrtle Street, Outlaw Avenue, Barefield Street, Norvell Street, Gerson Street, Harris Street, Weevil Street, Boll Street, West Avenue K-P, West Martin Luther King Jr. Drive, Gary Lane, Dillion Drive, Avenue P Extended, Maxwell Drive, Briarwood Street, Lindsey, Marshall Lane, Ikes Lane, Forrester Street, Magnolia Avenue, Engle Avenue, Chance Street, Durdin Drive, Woodrow Street, South 14th-21st Street, South 16th 1/2 Street, Pine Street, South 6th-12th Street, Pinecrest Drive, Lindsey Road, Turtle Creek Drive, Case Road, Live Oak Road Sweat Road, Hendricks Channel, Hendricks Storm Sewer and Road Repair (1) (George Street), Hendricks Storm Sewer and Road Repair (2) (Wade Street), and Hendricks Storm Sewer and Road Repair (3) (Leola Street).

Activity Description:

Hardin County shall install culverts and headwalls, construct and elevate road, and complete associated appurtenances for the Gore Store Channel Crossing and Roadway Improvements (Silsbee/Kountze/Village Mills) project for the Silsbee Roadside Ditch & Channel Improvements (West side of FM 92, North/South of Hwy. 327) project. This activity meets the low- and moderate-income national objective through the use of Census Tract/Block Group based on the FY-21 LMISD State Median Income waiver applied. Hardin County is a HUD Exception Grantee. Its LMI threshold is 49.52%.
Hardin County shall excavate, install linings, adjust storm culvert elevations, excavate and rehabilitate roadside ditches, replace culverts and roadway, install headwalls, and complete associated appurtenances for the Silsbee Roadside Ditch & Channel Improvements (West side of FM 92, North/South of Hwy. 327) project. This activity meets the low- and moderate-income national objective through the use of Census Tract/Block Group based on the FY-21 LMISD State Median Income waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
City of Galveston	Local Government	$ 15,736,324.98

Location Description:

Construction for the 59th Street Water Storage Tank project shall take place in the City of Galveston at 59th Street Pump Station.
Construction for the Causeway Waterline project shall take place in the City of Galveston at Water Transmission Main from Virginia Point to the tie-in point on Galveston Island, and PRV & Metering Station at Virginia Point.

Activity Description:

The City of Galveston shall remove and replace existing storage tanks and foundation, modify SCADA, and complete associated appurtenances for the 59th Street Water Storage Tank project.
The City of Galveston shall install a waterline on the Galveston Causeway bridge to include concrete reaction blocks, air valves, expansion joints, hanger assemblies, bridge bent extensions, and other associated appurtenances. Further, the subrecipient shall install a portion of the waterline by open cut methods, butterfly valves, wet connections and appurtenances along the proposed alignment which includes the crossing of wetlands at Galveston Island. The project also includes the construction of an above-ground Pressure Reducing Station and Metering Station on Galveston Island that includes the installation of pressure reducing valves (PRV), full-port electromagnetic flow meter, pressure transmitters, air valve, butterfly valves and aboveground piping. Construction of control panel concrete pole, cast-in-place base and installation of electrical duct banks by trenchless methods, control panel box and electrical systems is also required. The City of Galveston will remove existing RCP culverts and replace with new culverts along the waterline alignment in Virginia Point and the removal and replacement of existing asphalt pavement along the IH-45 Frontage Road, gravel driveway restoration and removal and replacement of existing concrete pavement on railroad causeway bridge access road on Galveston Island for the Causeway Waterline project.
This activity meets the low- and moderate-income national objective through the use of the FY-21 City-Wide LMISD with state Standardized Area Median Income (SMI) waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	9550		5160	54.03
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement

LMI%:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Liberty	Unknown	$ 2,684,300.00

Location Description:

Construction for the City of Liberty Water Plant project shall take place in the City of Liberty at the City of Liberty Water Plant.

Activity Description:

The City of Liberty shall construct a new water well, ground storage tank, booster pump station, elevated storage tank, and all-weather access road and complete associated appurtenances for the City of Liberty Water Plant project. This activity meets the low- and moderate-income national objective through the use of Census Tract/Block Group.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_24065067E598_Liberty_LMI.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-075-E686_Conroe_SF

Activity Title: Sewer Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
08/26/2024

Projected End Date:
03/31/2027

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	15		10	66.67
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	1650
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Conroe	Unknown	$ 7,584,700.00

Location Description:

Construction for the City of Conroe Sanitary Sewer Rehabilitation project shall take place in the City of Conroe along existing sewer main easement.

Activity Description:

The City of Conroe shall remove existing sewer gravity mains and manholes; install upgraded sewer pipe and manholes; restore surfaces; and complete associated appurtenances for the City of Conroe Sanitary Sewer Rehabilitation project. This activity meets the low- and moderate-income national objective through the use of surveys.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_SUR_E686_Conroe.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-076-E687_LaGrange_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
10/03/2024

Projected End Date:
12/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 4,556,000.00	$ 4,556,000.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 4,556,000.00**	**$ 4,556,000.00**
Other Funds:	$ 0.00	
Total:	$ 4,556,000.00

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	4667		2390	51.21
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	7863
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
La Grange, City of	Local Government	$ 4,556,000.00

Location Description:

Construction for the Citywide Drainage project shall take place in the City of La Grange at Franklin Street, Washington Street Drainage, Main Street, Weikel Schiller, and Beefhead Ditch.

Activity Description:

The City of La Grange shall acquire easement; excavate channels; install storm sewers, junction boxes, storm inlets, storm sewer tie-ins, outfalls, and culverts; relocate utilities; reconstruct streets; and complte associated appurtenances for the Citywide Drainage Project. This activity meets the low- to moderate-income national objective using the city-wide LMISD data with the State Median Income waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_E687_LaGrange_LMI_RMP.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-082-E758_Jasper

Activity Title: Sewer Facilities and Street Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
11/06/2024

Projected End Date:
01/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	7583		4664	61.51
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	17330
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Jasper	Unknown	$ 3,974,000.00

Location Description:

Construction for the Citywide Sewer Improvements project shall take place in the City of Jasper along Peachtree and Childers Streets, property easements from the intersection of 2nd and College Street to Peachtree Street, Water Street, Willow Drive, property easements from the Wastewater Treatment Plant to Marvin Hancock Drive, and North Peachtree and Eleanor Streets.
Construction for the Hi Truitt/Temple project shall take place on Temple Spur, Temple Drive, and Hi Truitt Road.
Projects share the same service area.

Activity Description:

The City of Jasper shall acquire land, install sewer lines, rehabilitate and replace manholes, repair pavement, reconnect services and complete associated appurtenances for the Citywide Sewer Improvements project.
The City of Jasper shall scarify, reshape and compact road, stabilize subgrade, resurface roads, install culverts and turnouts, and complete associated appurtenances for the Hi Truitt/Temple project.
This activity consists of the above projects with the same service areas. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. These activities meet the low- to moderate-income national objective using the FY-21 city-wide LMISD with the State Median Income waiver applied. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_E758_Jasper_LMI_Rmp.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-089-E765_Baytown

Activity Title: Sewer Facilities and Street Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
06/26/2025

Projected End Date:
09/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
City of Baytown	Local Government	$ 2,686,900.00

Location Description:

Construction shall take place in the City of Baytown.
Construction shall take place at Cedar Bayou Lift Station for the Cedar Bayou Community (Abbe) Lift Station project.
Construction shall take place at Cedar Landing Lift Station for the Cedar Landing Lift Station project.
Construction shall take place at Dykes Lift Station for the Dykes Lift Station projecct.
Construction shall take place at Staples Lift Station for the Staples Lift Station project.
Construction shall take place at Oak Leaf Drive for the Oak Leaf Drive project.

Activity Description:

Sewer Facilities
The City of Baytown shall install conduit, conductors, concrete liner, elevated pump system, electrical, and elevated control panel; and complete associated appurtenances for the Cedar Bayou Community (Abbe) Lift Station project.
The City of Baytown shall install conduit, conductors, stairs, elevated pump system, and pump platform; and complete associated appurtenances for the Cedar Landing Lift Station project.
The City of Baytown shall raise electrical and emergency power equipment; install platform, stairs, conduit, conductors, and terminal boxes; and complete associated appurtenances for the Dykes Lift Station project.
The City of Baytown shall install conduit and conductors, stairs, pump platform, and transfer switch; and complete associated appurtenances for the Stables Life Station project.
Street Improvements
The City of Bayou shall reconstruct road including sidewalks; replace driveways; adjust water and wastewater lines; install outfall structure; and complete associated appurtenances for the Oak Leaf Drive project.
This activity consolidates the distinct service areas for the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using surveys for each project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	13910		9305	66.89
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	
# of Non-business Organizations benefitting

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
City of Houston	Local Government	$ 10,790,000.00

Location Description:

Construction for the Sunnyside Area-Detention project shall take place in the City of Houston at Benders Creek.

Activity Description:

The City of Houston shall acquire land, excavate, construct a detention pond, and complete associated appurtenances for the Sunnyside Area-Detention flood and drainage improvements project. This activity meets the low- to moderate-income national objective using Census Tract and Block Groups ACS 2021 LMISD.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_LMI_24-065-091-E767_CorpusChristi_SF

Activity Title: Sewer Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
05/09/2025

Projected End Date:
01/31/2029

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 8,432,420.00	$ 8,432,420.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 8,432,420.00**	**$ 8,432,420.00**
Other Funds:	$ 0.00	
Total:	$ 8,432,420.00

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	62230		37183	59.75
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	
# of Non-business Organizations benefitting	
# of public facilities	1
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Corpus Christi, City Of	Local Government	$ 8,432,420.00

Location Description:

Construction shall take place in the City of Corpus Christi at Greenwood WWTP for the Greenwood WWTP Flood Mitigation and Generator Improvements project.

Activity Description:

The City of Corpus Christi shall improve site grade, paving, flooding way, and influent lift station and access; install effluent pump station; install generator and controls; and complete associated appurtenances for the Greenwood WWTP Flood Mitigation and Generator Improvements project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS FY 21 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above projects. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_E767_CorpusChristi_LMI.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-093-E769_MatagordaCounty

Activity Title: Water and Sewer Facility Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/28/2025

Projected End Date:
05/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	1408		1019	72.37
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	9500
# of Non-business Organizations benefitting	
# of public facilities	3
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Matagorda, County of	Local Government	$ 2,270,352.00

Location Description:

Construction shall take place in Matagorda County at Private Rd 623 for the Wadsworth Sewer System Improvements project.
Construction shall take place in Matagorda County at 6th St for the Van Vleck 6th St Sewer Line Improvements project.
Construction shall take place in Matagorda County behind McKinney Stadium for the Van Vleck Stadium Sewer Line Improvements project.
Construction shall take place in Matagorda County at the Alleyway between 4th St and 5th St, 5th St, 6th St, Ave C, Ave D, Ave E, and Ave F for the Van Vleck 4th - 8th St Water Line Improvements project.
Construction shall take place in Matagorda County at Main St for the Wadsworth Water System Improvements project.
Construction shall take place in Matagorda County at 7th St for the Van Vleck Water System Improvements project.
Construction shall take place in Matagorda County at the Alleyway between 2nd and 3rd St for the Van Vleck 2nd - 3rd St Water Line Improvements project.

Activity Description:

Matagorda County shall install a chlorine contact chamber, clarifier, pipe, electrical service, and complete associated appurtenances for the Wadsworth Sewer System Improvements project.
Matagorda County shall install pipe and manholes, and complete associated appurtenances for the Van Vleck 6th St Sewer Line Improvements project.
Matagorda County shall install pipe and manholes, and complete associated appurtenances for the Van Vleck Stadium Sewer Line Improvements project.
Matagorda County shall install pipe and fire hydrants, and complete associated appurtenances for the Van Vleck 4th - 8th St Water Line Improvements project.
Matagorda County shall install a water well, controls and pipe, and complete associated appurtenances for the Wadsworth Water System Improvements project.
Matagorda County shall install a pressure tank, pump and pump enclosure, and complete associated appurtenances for the Van Vleck Water System Improvements project.
Matagorda County shall install pipe and fire hydrants, and complete associated appurtenances for the Van Vleck 2nd - 3rd St Water Line Improvements project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the total number of persons to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using surveys.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	544		343	63.05
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	

% reduction in energy costs	
% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	1212
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF SCHULENBURG	Local Government	$ 2,000,508.70

Location Description:

Construction shall take place in the City of Schulenburg along the easement between Kallus St and Baumgarten St.

Activity Description:

The City of Schulenburg shall acquire land, excavate, enlarge and line channel, install culverts, headwalls, apron and slope pavement, guardrailes, curb and gutter, reconstruct road, relocate utilities, and complete associate appurtenances for the Citywide Drainage project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2011-2015 LMISD with the State Standardized Area Median Income (SMI) waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes: None

Activity Supporting Documents:

Document	MIT_LMISD_E828_SchulenburgLMI.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-099-E831_BrooksideVillage_SI

Activity Title: Street Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
02/21/2025

Projected End Date:
04/30/2028

Project Draw Block by HUD:
Not Blocked

# of Persons	141		94	66.67
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	3780

# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF BROOKSIDE VILLAGE	Local Government	$ 1,089,073.00

Location Description:

Construction shall take place in the City of Brookside Village along Gerda Street from Wood Road eastward for the Gerda St. Improvements project.
Construction shall take place in the City of Brookside Village along Max Road from Brookside Road northward for the Max Road Improvements project.
Construction shall take place in the City of Brookside Village along Lesiker Road from Woody Road westward for the Lesiker Road Improvements project.

Activity Description:

1. The City of Brookside Village shall excavate; regrade roadside ditches; replace culverts, driveways, walkways, pipe, and pavement; and complete associated appurtenances fo the Gerda St. Improvements project.
The City of Brookside Village shall excavate; regrade roadside ditches; remove and replace culverts, driveways, walkways, pipe, and pavement; and complete associated appurtenances for the Max Road Improvements project.
The City of Brookside Village shall excavate; regrade roadside ditches; remove and replace culverts, driveways, walkways, pipe, and pavement; and complete associated appurtenances for the Lesiker St. Improvements project.
2. This activity consolidates the distinct service areas of the previous projects into one reportable service area. The projected beneficiaries in the Measure tab represent "Total Number of Persons" to benefit from all projects listed.
3. This activity meets the low- to moderate-income national objective through the use of surveys. See the Documents tab for beneficiary documentation.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SUR_E831_BrooksideVillage_LMI_SI.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-105-E837_Richmond

Activity Title: Water and Sewer Facility Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
02/27/2025

Projected End Date:
04/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
RICHMOND, CITY OF	Local Government	$ 1,535,500.00

Location Description:

Construction shall take place in the City of Richmond at the following locations.
The Clarifier Improvements at Wasterwater Treatment Plant project shall take place at 220 Legion Dr.
The Elevated Storage Tank Altitude Valves project shall take place at Richmond Parkway Elevated Storage Tank at 1606 Richmond Pkwy, Downtown Elevated Storage Tank at 104 South Fourth St, and George Elevated Storage Tank at 1816 George St.
The Downtown Water Plant Generator project shall take place at 104 South Fourth Street.

Activity Description:

Sewer Facility Improvements
The City of Richmond shall remove and replace clarifiers and complete all associated appurtenances for the Clarifier Improvements at Waterwater Treatment Plant project.
Water Facility Improvements
The City of Richmond shall install pad, altitude control valves, pipe, valves, supports, and electrical, modify SCADA system, and complete associated appurtenances for the Elevated Storage Tank Altitude Valves project, and shall install pad, generator, fuel storage tank, transfer switch, and electrical and complete associated appurtenances for the Downtown Water Plant Generator Project.
This activity consists of three individual projects that each have the same city-wide serivce area for the City of Richmond. The projected beneficiaries represent the total number of persons to benefit from the service area.
This activity meets the low- and moderate-income national objective using the City-Wide ACS 2015 LMISD for these projects.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_E837_Richmond.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-108-E921_Robstown_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/23/2025

Projected End Date:
08/31/2028

Project Draw Block by HUD:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	2953		1970	66.71
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	11825
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Robstown, City of	Local Government	$ 6,778,900.00

Location Description:

Construction shall take place in the City of Robstown. Construction shall take place along Avenue G, North 4th Street, North 3rd Street, North 5th Street, and dAvenue E for the Central Robstown project. Construction shall take place along Dakota Street, Newell Street and Elizabeth Street, Perkins Street, Ruben Chavez Road, and Luisa Street for the Casa Blanca Southwest project.

Activity Description:

The City of Robstown shall install pipes, culverts, and inlets; repair pavement; and complete associated appurtenances for the Central Robstown project. The City of Robstown shall install pipes, culverts, and inlets; repair pavement and driveways; and complete associated appurtenances for the Casa Blanca Southwest project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Central Robstown project, and using surveys for the Casa Blanca Southwest project. Please see the documents tab for the source data of the service area.

Environmental Assessment:

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SURLMIS_E921_Robstown_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-110-E923_Sinton

Activity Title: Sewer Facilities and Water Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
01/24/2025

Projected End Date:
09/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
City of Sinton	Local Government	$ 5,304,400.00

Location Description:

Construction shall take place in the City of Sinton at Sodvile Road/Villarreal Street/County Road 61A; North Chiltipin Street/South Chiltipin Street; manhole replacements at the intersection of Antonia Avenue and Saint Mary Street, Esperanza Street and Saint Mary Street, Naranjo Street and Saint Mary Street, and Saint Mary Street and Ricardo Avenue; Rancho Chico Improvements at the intersection of Gonzalez Street and Naranjo Street; Chiltipin Lifstation Upgrade at 711 West Sinton Street; Wastewater Treatment Plant north of US Hwy 77 Business and East Welder Street; Dodd Lift Station across from CR 84B and CR 61A; Colonia Lift Station at Sodville Road and CR 1248; Pirate Lift Station at Lamplight Lane and South Pirate Blvd; and 4th Street Lift Station for the Citywide Sewer Improvements project.
Construction shall take place in the City of Sinton at the Water Well #16 Generator for the water improvements project.

Activity Description:

1. The City of Sinton shall replace pumps, pipe, fittings, controls, electrical and wet wells; extend force main and tie-ins; rehabilitate manholes; extend bore and casing; repair pavement; remove and replace generator, blowers, blowers electrical and blower's controls; install switchover, electrical and controls, and complete associated appurtenances for the Citywide Sewer Improvements project.
The City of Sinton shall install foundation; remove and replace generator; install switchover, electrical and controls, and complete associated appurtenances for the Water Well #16 Generator Water Improvements project.
2. This activity consists of projects with the same service areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit in the service area.
3. This activity meets the low- to moderate-income national objective using Census Tract and Block Groups from the ACS 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for all projects. Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Cleveland, City of	Unknown	$ 1,498,300.00

Location Description:

Construction shall take place in the City of Cleveland at 207 East Boothe Street for the Firestation Generator Project.
Construction shall take place in the City of Cleveland at 1215 Nevell Street for the 787 Nevel Lift Station No. 4 project.
Construction shall take place in the City of Cleveland at 701 Hanson Street for the Hanson Lift Station No. 3 project.
Construction shall take place in the City of Cleveland at 701 Vine Street for the Franklin and Vine Lift Station LS 6 project.
Construction shall take place in the City of Cleveland at 1032 Dennison Avenue for the Dennison Lift Station No. 11 project.
Construction shall take place in the City of Cleveland at 105 South Line Street for the Southline Lift Station project.

Activity Description:

1. The City of Cleveland shall install generator and transfer switch and complete associated appurtenances for the Fire Station Generator public improvements project.
The City of Cleveland shall install generator, transfer switch, awning, and complete associated appurtenances for the 787 Nevell Lift Station No. 4 sewer improvements project.
The City of Cleveland shall install generator, transfer switch, fencing, awning, and concrete, and complete associated appurtenances for the Hanson Lift Station No. 3 sewer improvements project.
The City of Cleveland shallinstall generator, transfer switch, awning, remove and replace fencing, concrete, and complete associated appurtenances for the Franklin and Vine Lift Station LS 6 sewer improvements project.
The City of Cleveland shall install generator, transfer switch, replace fencing, awning, concrete, and complete associated appurtenances for the Dennison Lift Station No. 11 sewer improvements project.
The City of Cleveland shall install a generator and awning and complete associated appurtenances for the Southline Lift Station No. 2 sewer improvements project.
2. This activity consilidates the service areas of all projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the "Total Number of Persons" to benefit from all projects without duplicating the beneficiaries from overlapping service areas.
3. This activity meets the low- to moderate-income national objective using city-wide ACS 2021 LMISD for the Fire Station Generator project.
This activity meets the low- to moderate-income national objective using Census Tract and Block Group ACS 2021 LMISD for the Franklin and Vine Lift Station LS 6 project.
This activity meets the low- to moderate-income national objective using surveys for all other projects.
Please see the Documents tab for a detailed breakout of each individual service area."

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	19820
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
TAFT, CITY OF	Local Government	$ 3,261,400.00

Location Description:

Construction shall take place in the City of Taft. Construction shall take place along Farm to Market Road 631 / Davis Road for the City of Taft Sewer Improvements project. Construction shall take place along Easement/Rose Street/Tutt Avenue/Victoria Avenue/Industrial Street/Park Street and Easement/Railroad Avenue/Abazola Street/Bonita Street for the City of Taft Waterline Improvements project.

Activity Description:

Sewer Facilities
The City of Taft shall replace sewer line; rehabilitate manholes; reconnect sewer service, and complete associated appurtenances.
Water Facilities
The City of Taft shall replace water lines and complete associated appurtenances.

This activity consists of projects with the same service areas. The projects are as follows, City of Taft Sewer Line Improvements project and City of Taft Waterline Improvements project. The projected beneficiaries in the Measures tab tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using City-Wide ACS FY-2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Sewer Facilities and Water Facilities projects. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_LMI_E963_Taft.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-126-E984_LakeJackson_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/15/2025

Projected End Date:
04/30/2029

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF LAKE JACKSON	Local Government	$ 2,138,700.00

Location Description:

Construction shall take place in the City of Lake Jackson along Dixie Drive, Pine Ditch, and Forest Oak Lane.

Activity Description:

The City of Lake Jackson shall grade and excavate; remove and replace culverts, sidewalks, inlets, channel lining, headwalls, and pavement; install riprap; and complete associated appurtenances for the Flood and Drainage Improvements project. This activity meets the low- and moderate-income national objective using surveys for the Flood and Drainage Improvements project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_SUR_E984_LakeJackson_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-128-E986_AransasCounty

Activity Title: Flood and Drainage, Street Improvements, and Public Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/29/2025

Projected End Date:
08/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Aransas, County Of	Local Government	$ 8,406,251.00

Location Description:

Construction shall take place in Aransas County at 4th St and Palmetto St, Lakeside Dr, S Lake Drive, E Lake Dr, E Lake Dr west easement, Easement west of Conlin St, 12th St, and Bee Tree Cir for the Lamar Drainage project.
Construction shall take place in Aransas County at Cactus St for the Cactus St Improvements project.
Construction shall take place in Aransas County at Broadway St for the Broadway St Improvements project.
Construction shall take place in Aransas County at Palmetto Ave for the Palmetto St Improvements project.
Construction shall take place in Aransas County at Chaparral St for the Chaparral St Improvements project.
Construction shall take place in Aransas County at Mesquite St for the Mesquite St Improvements project.
Construction shall take place in Aransas County at Myrtle St for the Myrtle St Improvements project.
Construction shall take place in Aransas County at Tower 1 at Texas State Hwy 188, Tower 2 at Texas State Hwy 35 N, and Tower 3 at N Live Oak for the Communication Infrastructure project.

Activity Description:

Aransas County shall excavate, install pipe, culverts, inlets, junction boxes and headwalls, repair pavement, and complete associated appurtenances for the Lamar Drainage project.
Aransas County shall excavate, install pipe, pave road, and complete associated appurtenances for the Cactus St Improvements project.
Aransas County shall excavate, install pipe, pave road and complete associated appurtenances for the Broadway St Improvements project.
Aransas County shall excavate, install pipe, pave road and complete associated appurtenances for the Palmetto St Improvements project.
Aransas County shall excavate, install pipe, pave road and complete associated appurtenances for the Chaparral St Improvements project.
Aransas County shall excavate, install pipe, pave road and complete associated appurtenances for the Mesquite St Improvements project.
Aransas County shall excavate, install pipe, pave road and complete associated appurtenances for the Myrtle St Improvements project.
Aransas County shall install microwave antennas, clock and radio, and complete associated appurtenances for the Communication Infrastructure project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represents the total number of persons to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using the County-Wide ACS 2015 LMISD with the State Standardized Area Median Income (SMI) waiver applied.

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	349		214	61.32
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	
% increase in pumping capacity	
% increase in number of acres converted to open space	

% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	28740
# of Non-business Organizations benefitting	
# of public facilities	1
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF ELLINGER	Local Government	$ 1,588,300.00

Location Description:

Construction shall take place in the City of Portland at Columbus St, Brenham St, and Austin St for the Road Reconstruction - Austin, Brenham, and Columbus Streets project.
Construction shall take palce in the City of Portland at West Tobias Road for the Water Well Generator project.
Construction shall take place in the City of Portland at Jarmon St, Schumacher St, Bradbury St, Columbus St, Brenham St, Austin St, Fayette St, Colorado Sky St, Munn St, Grover St, Fordtrand St, Turner St, Tobias St, Hollman St, Main St, and Train St.

Activity Description:

The City of Ellinger shall grade and chip seal roads, and complete associated appurtenances for the Road Reconstruction - Austin, Brenham, and Columbus Streets project.
The City of Ellinger shall install generator and propane tank, and complete associated appurtenances for the Water Well Generator project.
The City of Ellinger shall grade and excavate site; replace culverts, install driveway apron, replace street, and complete associated appurtenances for the Drainage Improvements City Wide project.
This activity consists of projects with the same service areas. The projected beneficiaries in the Measure Tab represent the total number of persons to benefit from the service area. This activity meets the low- and moderate-income national objective using surveys.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SUR_E988_Ellinger.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-132-E990_Wharton_SF

Activity Title: Sewer Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/22/2025

Projected End Date:
07/31/2029

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Wharton	Local Government	$ 4,360,800.00

Location Description:

Construction shall take place in the City of Wharton at Wastewater Treatment Plant No. 1 Improvements, Alabama Road Lift Station, and Park Lane Lift Station.

Activity Description:

The City of Wharton shall improve the wastewater treatment plant site and lift stations, and complete associated appurtenances for the Wastewater Treatment Plant No. 1 and System Improvements project. This activity meets the low- and moderate-income national objective using City-Wide ACS FY-2021 LMISD for the Wasterwater Treatment Plant No. 1 and Systems Improvements project. LMI based on FY-21 LMISD with State Median Income waiver applied. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_LMI_E990_Wharton.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-136-E994_Fayetteville

Activity Title: Sewer Facilities and Water Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
03/28/2025

Projected End Date:
05/31/2028

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
FAYETTEVILLE	Local Government	$ 3,344,800.00

Location Description:

Construction shall take place in the City of Fayetteville. Construction for the Wastewater Improvemnts project shall take place at the Wastewater Treatment Plant. Construction for the Water Systems Improvement project shall take place on Fayette Street, North Live Oak Street 1, North Live Oak Street 2, North Washington Street and Franklin Street, Bell Street and Church Street, North Rusk Street, East Franklin Street, Post Oak Lane and East Main Street, and the Water Treatment Plant.

Activity Description:

Sewer Facilities
The City of Fayettville shall install above ground aeration basin, catwalk, pipe, blowers, pumps, electrical; and complete associated appurtenances for the Wastewater Improvements project.

Water Facilities
The City of Fayetteville shall install water line, gate valves, fire hydrants, pipe, and electrical controls; construct booster pumps building and install booster pumps; reconnect services and fire hydrants; pave road; and complete associated appurtenances for the Water System Improvements project.

This activity consists of projects with the same service areas. The projects are as follows, Wastewater Improvements project and Water System Improvements project. The projected beneficiaries in the Measures tab tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using the City-Wide ACS FY-2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Wastewater Improvements project and Water System Improvements project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	608		341	56.09
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF CARMINE	Local Government	$ 2,548,300.00

Location Description:

Construction shall take place in the City of Carmine. Construction shall take place at 4G Lift Station and Park Lift Station for the 4G and Park Lift Station Upgrades project. Construction shall take place at Pratt Hill Water Plant and Water Well 3-Brunn Lane for the New Water Well and Generator project.

Activity Description:

Sewer Facilities
The City of Carmine shall rehabilitate wet wells; install pumps, pipe, and electrical; and complete associated appurtenances for the 4G and Park Lift Station Upgrades project.
Water Facilities
The City of Carmine shall acquire land; drill and construct a new water well; install a pump; connect to water system; install a generator; and complete associated appurtenances for the New Water Well and Generator project.
This activity consolidates the distinct service areas of each of the following projects into one total reportable area, 4G and Park Lift Station Upgrades project and New Water Well and Generator project. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using surveys. The City of Carmine is a HUD Exception Grantee. Their LMI threshold is 46.25%. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	6965

# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Walker County	Unknown	$ 1,310,654.53

Location Description:

Construction shall take place in Walker County. Construction shall take place along Wood Farm Road for the Wood Farm Road and Culvert project. Construction shall take place along Brazile Boulevard for the Riverside Harbor Drainage project.

Activity Description:

Walker County shall replace culvert; remove, replace and stabilize road base; pave road; and complete associated appurtenances for the Wood Farm Road and Culvert Project. Walker County shall construct drainage improvements of the roadside ditch, culvert replacements, regrading concrete lining, and complete associated appurtenances for the Riverside Harbor Drainage project.
This activity consolidates the service areas of each of the following projects into one reportable area that does not double count overlapping areas, the projects are as follows, two Flood and Drainage projects, Wood Farm Road and Culvert project, and Riverside Harbor Drainage. The projected beneficiaries in the Measures tab tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using the surveys for both projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
County of, San Patricio	Local Government	$ 21,946,320.81

Location Description:

Construction shall take place in San Patricio County.
Construction shall take place at Odem Water Imporvements for the Odem Water Improvements project.
Construction shall take place at Peters Swale and Peters Swale - Tributary for the Peters Swale project.
Construction shall take place at Sodville Road/County Road 1272/Easement and Easement/County Road 57A for the Colony Improvements project.
Construction shall take place along Toland Avenue/Easement/US Highway 181 for the Taft Drainage Improvements project.
Construction shall take place along Stephens Loop, Paisano Hills, Morgan Street, South Mesquite Drive, McGloin Drive, Mark Avenue, Mark Alan Lane, Laurie Drive, Lakeview Drive, Lake Terrace Drive, Lake Street, Kelly Lane, Island Drive, Holman Road, Haston Drive, Cox Drive, Bayview Drive, Baldwin Avenue, 4th Streed, 3rd Street, and 2nd Street for the Lake City project.
Construction shall take place along Aransas Pass Navigation Channel 1-4 for the Aransas Pass-Dredging of Navigation District Channel project.
Construction shall take place along TX State Highway 188 for the SH 188 at CR 630 project.
Construction shall take place at the Farm to Market Road 1945 for the FM 1945 Culvert Replacement project.

Activity Description:

Water Facilities
San Patricio County shall install mixing and tank heating system, manifold, pumps, pump house winterization, water supply, bladder, and complete associated appurtenances for the Odem Water Improvements project.
Flood & Drainage
San Patricio County shall acquire land; excavate channel; grade ditch; install riprap and culverts; and complete associated appurtenances for the Peters Swale project.
San Patricio County shall excavate; remove and replace pavement and pipe; install inlets and manholes; and complete associated appurtenances for the Colony Improvements project.
San Patricio County shall acquire land; excavate; regrade ditches; remove pipe; install culverts and wingwalls; remove and replace pavement; and complete associated appurtenances for the Taft Drainage Improvements project.
San Patricio County shall excavate ditches; install culverts and pipe; remove and replace pavement; and complete associated appurtenances for the Lake City project.
San Patricio County shall regrade channel; relocate utilities; and complete associated appurtenances for the Aransas-Pass-Dredging of Navigation District Channel project.
San Patricio County shall regrade ditch; install culverts; remove and replace pavement; and complete associated appurtenances for the SH 188 at CR 630 project.
San Patricio County shall excavate; remove and replace pavement; install culvert; and complete associated appurtenances. for the FM 1945 Culvert Replacement project.
This activity consolidates the distinct service areas for the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_LMI_24-065-149-F008_BayCity_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/17/2025

Projected End Date:
06/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Bay City	Local Government	$ 3,189,500.00

Location Description:

Construction shall take place in the City of Bay City. Construction shall take place along Avenue A, Le Tulle Avenue, Moore Avenue, Roberts Road, Wihtson Street, Avenue D, Avenue C, Duncan Street, Pearl Street, Basin Street, Robinson Avenue, Rampart Street, Moore Avenue, and Nolan Avenue for the City of Bay City: Area 14 - Drainage Improvements project.
Construction shall take place along Cottonwood Creek for the City of Bay City: Area 19 - Drainage improvements project.

Activity Description:

The City of Bay City shall remove and replace culverts; install inlets and storm sewer; regrade ditches; and complete associated appurtenances for the City of Bay City: Area 14 - Drainage Improvements project.
The City of Bay City shall remove culverts; stabilize creek bank; and complete associated appurtenances for the City of Bay City: Area 19 - Drainage Improvements project.

This activity consolidates the distinct service areas of each of the following projects into one total reportable area for the above projects. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate- income national objective using Census Track/Block Group LMISD. LMISD based on FY-21 LMISED with State Median Income Waiver applied for the City of Bay City: Area 14 - Drainage Improvements project, and using surveys for the City of Bay City: Area 19 - Drainage Improvements project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SURLMISD_F008_BayCity_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-151-F010_Alvin_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
05/05/2025

Projected End Date:
07/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 6,000,500.00	$ 6,000,500.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 6,000,500.00**	**$ 6,000,500.00**
Other Funds:	$ 0.00	
Total:	$ 6,000,500.00	

Benefit Report Type:
Area Benefit (Survey)

# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	2269
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Alvin, City of	Local Government	$ 6,000,500.00

Location Description:

Construction shall take place in the City of Alvin at M-1 Crossing and Durant St for the City of Alvin Durant St and M-1 Crossing project.

Activity Description:

The City of Alvin shall remove and replace storm sewer system, install culvert and pipe, curb and gutter, manholes and headwalls, adjust utilities, line channel, pave roadway and sidewalks, and complete associated appurtenances for the City of Alvin Durant St and M-1 Crossing Improvements project. This activity meets the low- and moderate-income national objective through the use of City-Wide ACS 2015 LMISD with the State Median Income (SMI) waiver applied.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_F010_Alvin.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-152-F011_CalhounCounty

Activity Title: Public Facilities and Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/21/2025

Projected End Date:
02/28/2030

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 6,499,856.00	$ 6,499,856.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 6,499,856.00**	**$ 6,499,856.00**
Other Funds:	$ 0.00	
Total:	$ 6,499,856.00

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CALHOUN COUNTY	Local Government	$ 6,499,856.00

Location Description:

Construction shall take place in Calhoun County. Construction shall take place at Magnolia Beach Volunteer Fire Department for the Magnolia Beach Volunteer Fire Department (MBVFD) project.
Construction shall take place along Avenue D, Avenue C, Avenue B, Avenue A, Access Road, Warehouse Street, Gulf Street, Del Rio Street, Santa Rosa Street, and Henery Wehmeyer Road.
Construction shall take place along Park Lane Avenue, Outfall 1.1 and Bayou Drive for the Crestview Drainage project.
Construction shall take place along South Marshall Johnson Ave #3, South Marshall Johnson Ave #2, South Marshall Johnson Ave #1, Bayshore Drive, Curlew Street, Outfall 2.3, Outfall 2.2, Outfall 2.1, Outfall 1.4, Outfall 1.3, Outfall 1.2, Outfall 1.1, County Road 307A #4, County Road 307A #3, County Road 307A #2, County Road 307A #1, and Port Alto Drainage for the Port Alto Drainage project.

Activity Description:

Public Facilities
Calhoun County shall demolish and construct building with flood proofing, install generator, pave road, and complete associated appurtenances for the Magnolia Beach Volunteer Fire Department (MBVFD) project.
Flood and Drainage
Calhoun County shall remove and replace culverts; improve ditch; install inlets, riprap, and structure under railroad; restore roadway; repair driveways; and complete associated appurtenances for the Westside Drainage project.
Calhoun County shall improve ditches; remove and replace culverts; install riprap; repair driveways; and complete associated appurtenances for the Crestview Drainage project.
Calhoun County shall improve ditches; remove and replace culverts; improve and modify outfalls; and complete associated appurtenances for the Port Alto Drainage project.
This activity consolidates the service areas of each of the following projects into one reportable area that does not double count overlapping areas for the above projects. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas.
This activity meets the low- and moderate-income national objective using Census Tract and Block Group LMISD, LMI based on FY-21 LMISD for the Public Facilities project, Magnolia Beach Volunteer Fire Department project.
This activity meets the low- and moderate-income national objective using surveys for the Westside Drainage project, Crestview Drainage project, and Port Alto Drainage project.
Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	
# of Non-business Organizations benefitting	
# of public facilities	6
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Alabama Coushatta Indian Reservation	Unknown	$ 500,000.00

Location Description:

Construction shall take place at Chief Kina Loop Road Lift Station, Old 190 Lift Station, Ti Ca Itche Village Lift Station, Whippoorwill/Chief Oscola Road Lift Station, East Side Wastewater Treatment Plant, and West Side Wastewater Treatment Plant for the Wastewater Treatment Plant Generators Project.

Activity Description:

Alabama Coushatta Tribe shall install generators and complete associated appurtenances for the Wastewater Treatment Plant Generators Project. This activity meets the low- and moderate-income national objective using HUD's 2015 AIAN data. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_F072_AlabamaCoushatta2.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-159-F074_Flatonia_WF

Activity Title: Water Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/16/2025

Projected End Date:
01/31/2029

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 3,022,400.00	$ 3,022,400.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 3,022,400.00**	**$ 3,022,400.00**
Other Funds:	$ 0.00	
Total:	$ 3,022,400.00

% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	6112
# of Non-business Organizations benefitting	
# of public facilities	1
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
FLATONIA, CITY OF	Local Government	$ 3,022,400.00

Location Description:

Construction shall take place in the City of Flatonia along Nickel Mica Road 1, Nickel Mica Road 2, North Main Street, Converse Street/Easement, and Water Plant #3/Water Well #13 for the City-Wide Water Improvements project.

Activity Description:

The City of Flatonia shall acquire easement; construct a well; install pump, motor, meter, pipe, water line, valves, tie-ins, and fire hydrants; reconnect services; repair pavement; and complete associated appurtenances for the City-Wife Water Improvements project. This activity meets the low- and moderate-income national objective using Census Tract/Block Group LMISD FY-2021 LMISD with the State Median Income waiver applied for the City-Wide Water Improvements project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_LMI_24-065-160-F075_Kirbyville_SF

Activity Title: Sewer Facilities

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
05/07/2025

Projected End Date:
06/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 1,379,000.00	$ 1,379,000.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 1,379,000.00**	**$ 1,379,000.00**
Other Funds:	$ 0.00	
Total:	$ 1,379,000.00

% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	12309
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Kirbyville	Unknown	$ 1,379,000.00

Location Description:

Construction shall take place in the City of Kirbyville along south side of West Main Street, Farm to Markey 82, West Stringer Street, West Lavielle Street, Martin Luther King Street, West Street/South Vallie Avenue, Farm to Market Road 1013/West Main Street, East and West Drew Street, West Drew Street, West Levert Street, US Highway 96, and Easy Street/South Meadow Lane.

Activity Description:

The City of Kirbyville shall install sewer lines and manholes; repair roadways; and complete associated appurtenances for the City of Kirbyville Wastewater Improvements project. This activity meets the low- and moderate-income national objective using City-Wide ACS 21 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the City of Kirbyville Wastewater Improvements project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_F075_Kirbyville.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-164-F079_MontgomeryCounty_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
05/13/2025

Projected End Date:
07/31/2030

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 51,380,676.66	$ 51,380,676.66
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 51,380,676.66**	**$ 51,380,676.66**
Other Funds:	$ 0.00	
Total:	$ 51,380,676.66

% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	589553
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Montgomery County	Local Government	$ 51,380,676.66

Location Description:

Construction shall take place in Montgomery County. Construction shall take place along San Jacinto River - East Fork, Caney Creek, Peach Creek, and White Oak Creek for the San Jacinto Watershed and Tributary Barrier Flood Mitigation- East County project. Construction shall take place along Stewart Creek for the San Jacinto Watershed and Tributary Barrier Flood Mitigation and Bank Stabilization- Stewart Creek project.

Activity Description:

Montgomery County shall perform stream restoration; revegetate; stabilize banks and slopes; and complete associated appurtenances for the San Jacinto Watershed and Tributary Barrier Flood Mitigation - East County project.
Montgomery County shall perform stream restoration; revegetate; stabilize banks and slopes; and complete associated appurtenances for the San Jacinto Watershed and Tributary Barrier Flood Mitigation and Bank Stabilization - Stewart Creek project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the San Jacinto Watershed and Tributary Barrier Flood Mitigation- East County project and San Jacinto Watershed and Tributary Barrier Flood Mitigation and Bank Stabilization- Stewart Creek project. Please see the documents tab for the source data of the service area.

Environmental Assessment:

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_LMI_24-065-166-F081_Rockport_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
07/18/2025

Projected End Date:
06/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 3,084,500.13	$ 3,084,500.13
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 3,084,500.13**	**$ 3,084,500.13**
Other Funds:	$ 0.00	
Total:	$ 3,084,500.13	

Benefit Report Type:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Rockport	Local Government	$ 3,084,500.13

Location Description:

Construction shall take place in the City of Rockport at East Sabinal Street/North Racine Street/Easement, West Laurel Street/North Ann Street/East Nopal Street, and West Liberty Street for the Rockport Drainage Improvements project.

Activity Description:

The City of Rockport shall acquire land; excavate and construct detention and water quality ponds; install inlet, outlet, and interconnector; improve ditches and water conveyance; repair pavement and driveways; and complete associated appurtenances for the Rockport Drainage Improvements project. This activity meets the low- and moderate-income national objective using surveys. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_24065166F081_Rockport_LMI.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-167-F082_PortLavaca_F&D

Activity Title: Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
08/21/2025

Projected End Date:
01/31/2030

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Port Lavaca	Unknown	$ 9,119,600.00

Location Description:

Construction shall take place in City of Port Lavaca Along Half League Road/Schooley Street/Easement, Half League Outfall, Stormwater Pond, Along Corporation Concrete Ditch, and Along Corporation Grass Ditch for the Corporation Ditch Project.
Construction shall take place in City of Port Lavaca Along Harbor of Refuge western shoreline for the Harbor of Refuge Drainage Project.

Activity Description:

City of Port Lavaca shall complete acquisition; construct a new stormwater pond; upgrade storm drain system; replace and regrade ditch; and complete associated appurtenances for the Corporation Ditch Project.
City of Port Lavaca shall excavate the site and shoreline; install erosion control; and complete associated appurtenances for the Harbor of Refuge Drainage Project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2015 LMISD for both projects.
Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Refugio County	Unknown	$ 6,802,452.55

Location Description:

Construction shall take place in Refugio County.
Construction shall take place at Woodsboro WWTP 145-147 Farm to Market Road 1360, Woodsboro, TX for the Woodsboro WWTP Improvement project.
Construction shall take place at Bayside WWTP 180 Autry Road, Bayside, TX for the Bayside WWTP Improvements project.
Construction shall take place at Bayside Water Treatment Plant 601 4th Street, Bayside, TX for the Bayside Water Facility project.
Construction shall take place at Old Gin Road From Farm to Market Road1360 southward to Vega Road for the Old Gin Rd Drainage Improvements project.
Construction shall take place along Kelley Road and Elliot Road for the Kelley-Elliot Rd Drainage Improvements project.
Constructions shall take place along Jackson Road for the Jackson Road Flood Improvements project.
Constructions shall take place along Fox Road for the Fox Road Flood Improvements project.
Constructions shall take place along Paisano Street/2nd Street and Bayview Street/2nd Street for the Bayside Drainage Project.

Activity Description:

Sewer Facilities
Refugio County shall rehabilitate clarifier; upgrade electricals and bar screen; and complete associated appurtenances for the Woodsboro WWTP Improvement project.
Refugio County shall install chlorination equipment; upgrade chlorination chamber; remove sludge; replace line; and complete associated appurtenances for the Bayside WWTP Improvements project.
Water Facilities
Refugio County shall install reverse osmosis pilot plant; install grates and membranes; and complete associated appurtenances for the Bayside Water Facility project.
Flood and Drainage
Refugio County shall treat surface; install prime coat, textile, crown and base; regrade ditch; and complete associated appurtenances for the Old Gin Rd Drainage Improvements project.
Refugio County shall treat surface and base; install prime coat, textile, crown and base; regrade ditch; and complete associated appurtenances for the Kelley-Elliot Rd Drainage Improvements project.

Refugio County shall treat surface; install prime coat and crown; reconstruct pavement; regrade ditch; and complete associated appurtenances for the Jackson Road Flood Improvements project.
Refugio County shall install foundation, crown, and prime coat; treat surface; regrade ditch; and complete associated appurtenances for the Fox Road Flood improvements project.
Refugio County shall replace culverts, and complete associated appurtenances for the Bayside Drainage project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas.
This activity meets the low- and moderate-income national objective using City-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Woodsboro WWTP Improvement project, Bayside WWTP Improvement project, and Bayside Water Facility project.
This activity meets the low- and moderate-income national objective using surveys for the Old Gin Rd Drainage Improvements project, Kelley-Elliot Rd Drainage Improvements project, Jackson Road Flood Improvements project, Fox Road Flood Improvements project, and Bayside Drainage project. Please see the Documents tab for a detailed breakout of each individual service area.

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	3093		1658	53.60
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	134366
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF BISHOP	Local Government	$ 3,849,700.00

Location Description:

Construction shall take place in the City of Bisop along Ditch Service Area 1 and Ditch Service Area 2 for the Bishop CDBG Flood Mitigation Drainage project.

Activity Description:

The City of Bishop shall regrade ditches, replace culverts, install piping, repair streets, and complete associated appurtenances in Ditch Service Areas #1 and #2. In addition, Subrecipient shall replace manholes in Ditch Service Area #2 for the Bishop CDBG Flood Mitigation Drainage project. This activity meets the low- and moderate-income national objective using City-Wide ACS FY 21 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_F141_Bishop.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-177-F143_Dickinson_F&D

Activity Title: Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
07/09/2025

Projected End Date:
03/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:

# of Persons	715		540	75.52
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	7331
# of Non-business Organizations benefitting

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Dickinson, City of	Local Government	$ 15,761,000.00

Location Description:

Construction shall take place in the City of Dickinson along Timber Drive, Avenue I/Drainage Easement, 27th Street/Sunset Drive, 30th Street, 29th Street, and at Benson Bayou Detention Pond for the Moore's Addition Siphon Drainage project.

Activity Description:

The City of Dickinson shall construct a detention pond, install trunklines, improve ditches, replace driveway culverts, and complete associated appurtenances for the Moore's Addition Siphon Drainage project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS FY 21 LMISD for the above project. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_F143_Dickinson_FD.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-179-F145_SanJacintoCounty

Activity Title: Street Improvements, Flood and Drainage

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
05/27/2025

Projected End Date:
07/31/2029

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	
# of Section 3 Labor Hours	
# of Total Labor Hours	
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	
% increase in pumping capacity	
% increase in number of acres converted to open space	

% increase in groundwater infiltration

% increase in acres of cropland protected from flooding

% decrease water surface elevation level during a flood with a qualifying event

% decrease in road closures in target area during a flood event

% decrease in disruption hours to residents and businesses from impacts of

% decrease in area inundated by flooding

% decrease in affluent discharged

% reduction in emergency maintenance costs

# of water control structures repaired/replaced

# of pump stations repaired/replaced

# of linear feet of stream restored

# of containment systems constructed

# of brownfield acres converted to wetland

# of acres with improved multiple hazard risk mapping

# of acres of native vegetation planted

# of residents protected from future flooding

# of properties protected from future flooding

# of acres green space preserved

# of acres green space created

# of vacant lots repurposed

 # occupied structures in floodplain

 # linear feet of streams restored

 # acres of wetlands created

$ estimated flood loss avoidance

# of linear feet of trails constructed

# of greenspace users

$ Funds allocated for water-quality improvements

$ Funds allocated for water management/flood mitigation improvements

% reduction of watershed nitrate loading

# of Elevated Structures

# of Linear Feet of Water Lines

# of Linear Feet of Sewer Lines

# of Linear miles of Public Improvement

# of Linear feet of Public Improvement

# of Non-business Organizations benefitting

# of public facilities

# of buildings (non-residential)

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
San Jacinto County	Unknown	$ 8,912,789.77

Location Description:

Activity Description:

San Jacinto County shall reconstruct and repair roadway surface, subgrade and base, clean and reshape roadside ditches, replace culverts, conduct erosion and sediment control, and complete associated appurtenances for the Flowing Well Neighborhood Street Improvements project.
San Jacinto County shall reconstruct and repair roadway surface, subgrade and base, clean and reshape roadside ditches, replace culverts, conduct erosion and sediment control, and complete associated appurtenances for the Donahoe Road project.
San Jacinto County shall reconstruct and repair roadway surface, subgrade and base, clean and reshape roadside ditches, replace culverts, conduct erosion and sediment control, and complete associated appurtenances for the Blackberry Lane Street Improvements project.
San Jacinto County shall reconstruct and repair roadway surface, subgrade and base, clean and reshape roadside ditches, replace culverts, conduct erosion and sediment control, and complete associated appurtenances for the Robin Creek Road project.
San Jacinto County shall complete acquisition, install interceptor and outfall, and complete associated appurtenances for the LMI Drainage project.
San Jacinto County shall regrade ditches, install culverts, reconstruct and pave road, and complete associated appurtenances for the Dabney Bottom Road project.
San Jacinto County shall reshape and clean ditches, install culverts, reconstruct and pave road, and complete associated appurtenances for the Counts Road project.
San Jacinto County shall reconstruct road, install subgrade and base, regrade roadside ditches, replace culverts, detention outfall, conduct erosion and sediment control and complete associated appurtenances for the South Lilley Yeager Loop project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using surveys. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_LMI_24-065-181-F176_MissouriCity_F&D

Activity Title: Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
08/08/2025

Projected End Date:
09/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Missouri City	Local Government	$ 3,572,852.53

Location Description:

Construction shall place in Missouri City 50’ west of the intersection of Gregory Boulevard and the outfall thence west to the intersection of McLain Boulevard and Gregory Boulevard thence 350' south on McLain Boulevard for the McLain Boulevard and Gregory Boulevard Drainage Improvements Project.

Activity Description:

Missouri City shall remove manholes, install junction boxes, headwalls, remove and replace pipe, inlets and pavement and complete associated appurtenances for the McLain and Gregory Blvd Drainage Improvements Project.
This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for the McLain and Gregory Blvd Drainage Improvements Project. Missouri City is a HUD Exception Grantee. Their LMI threshold is 43.93%.

Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_F176_MissouriCity.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-183-F178_NuecesCounty

Activity Title: Sewer Facilities, Water Facilities, and Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
09/04/2025

Projected End Date:
10/31/2028

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Nueces County	Unknown	$ 21,636,446.73

Location Description:

Construction shall take place in Nueces County.
Construction for the Banquete Sewer Improvements project shall take place at Wastewater Treatment Plant 1400' west of the intersection of Old Robstown Road and Emshoff Road, Lift Station 552' east of the intersection of Old Robstown Road and Fourth Street, Sewer Main, Line A, and Line C.
Construction for the Banquete Water Improvements project shall take place along Wesley Street and Old Robstown, Elsa/Emilio/Elia, Falmar Street, Ware Street, 4th Street (North), West of 4th Street, Gladys Street, Pearl Street, Farm to Market 666, and Water Plant 350' west of intersection of Fourth Street and Old Robstown.
Construction for the Robstown Drainage project shall take place Robstown Detention Pond.
Construction for the Tierra Grande Drainage project shall take place along County Road 61 Ditch Re-Grade and Tierra Grande Detention Pond.
Construction for the Golden Acres Drainage project shall take place at Golden Acres Detention Pond, County Road 77 Ditch Re-grade, and Golden Drive and Al Theis Street Ditch Re-grade.
Construction for the Agua Dulce Drainage shall take place along Drainage Channel from 950' north of 4th Street and County Road 105 east through easement along property line to Farm to Market 70 and County Road 105.
Construction for the Driscoll Drainage project shall take place along FM 665 Detention Pond & Loading Pad and West Avenue A, North 1st Street Ditch Re-Grade & Utility Relocation.
Construction for the Clarkwood/CR34 Drainage shall take place along County Road 34/McGloin Road.

Activity Description:

Sewer Facilities
Nueces County shall improve the wastewater treatment plant site, electrical control room, bar screen structure, clarifiers, chlorine chamber, oxidation ditch, and sludge beds; improve lift stations; install sewer line; rehabilitate and install manholes; pavement restoration; and complete all associated appurtenances for the Banquete Sewer Improvements project.
Water Facilities
Nueces County shall acquire property; install waterline, bore and casing, fire hydrants; upgrade water ground storage tank and water plant pump; and complete all associated appurtenances for the Banquete Water Improvements project.
Flood and Drainage Improvements
Nueces County shall acquire property; construct a detention pond with a loading pad; install riprap, drainage structures, and retaining wall; and complete associated appurtenances for the Robstown project.
Nueces County shall acquire property; construct a detention pond, loading pad, and outfall structure; regrade existing roadside ditches; resetting driveways; relocate utilities; and complete associated appurtenances for the Tierra Grande Drainage project.
Nueces County shall acquire property; construct a detention pond, loading pad, and outfall structure; regrade roadside ditches; reconstruct driveways; and complete associated appurtenances for the Golden Acres Drainage project.
Nueces County shall acquire property; construct a drainage channel; regrade roadside ditches; and complete associated appurtenances for the Agua Dulce Drainage project.
Nueces County shall construct a detention pond with loading pad; relocate utilities; regrade existing roadside ditches; reconstruct driveways; and complete associated appurtenances for the Driscoll Drainage project.
Nueces County shall acquire property; install drainage pipes, drain inlets, Headwall/Wingwall outfall, and riprap; regrade drainage ditches, and associated appurtenances for the Clarkwood/CR34 Drainage project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas.
This activity meets the low- and moderate-income national objective using City-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Banquete Sewer Improvements project, the Banquete Water Improvements project, Robstown Drainage project, Agua Dulce Drainage project, and Driscoll Drainage project.
This activity meets the low- and moderate-income national objective using surveys for the Tierra Grande Drainage project, Golden Acres Drainage project, and Clarkwood /CR34 Drainage project.

Please see the Documents tab for a detailed breakout of each individual service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_LMI_24-065-184-F179_FayetteCounty

Activity Title: Sewer Improvements, Public Improvements, and Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
08/04/2025

Projected End Date:
01/31/2029

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Fayette, County of	Local Government	$ 4,810,100.00

Location Description:

Construction shall take place in Fayette County at Ellinger WWTP 320 West Train Street, and Jarmon Lift station for the WWTF Ellinger Sewer & WSC Project.
Construction shall take place in Fayette County at 1398 Farm to Market Road 448 for the EMS Communication Equipment Winchester Project.
Construction shall take place in Fayette County at 312 Paulus Street for the EMS Communication Equipment Schulenburg Project.
Construction shall take place in Fayette County at Plum Drainage, east of Railroad Street for the Plum Drainage/Flooding Mitigation Project.

Activity Description:

Fayette County shall replace headworks collection system; replace lift station; install an automated bar screen; construct an oxidation ditch and a clarifier; install a waste activated sludge (WAS) dewatering system, and associated appurtenances for the WWTF for Ellinger Sewer & WSC Project.
Fayette County shall upgrade the radio frequency equipment, communication tools, sensors, antennae system; electrical, and associated appurtenances for the EMS Communication Equipment Winchester and EMS Communication Equipment Schulenburg Projects.
Fayette County shall acquire land; excavate, grade, and construct channel; install box culvert; install berms, and associated appurtenances for the Plum Drainage/Flooding Mitigation Project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas.
This activity meets the low- and moderate-income national objective using surveys for the WWTF for Ellinger Sewer & WSC and Plum Drainage/Flooding Mitigation Project, using Census Tract and Block Group ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the EMS Communication Equipment Winchester project, and using City-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the EMS Communication Equipment Schulenburg project. Fayette County is a HUD Exception Grantee. Their LMI threshold is 46.25%.
Please see the Documents tab for a detailed breakout of each individual service area.

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	1925	815	550	70.91
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	8200
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Patton Village, City of	Local Government	$ 1,259,100.00

Location Description:

Construction shall take place in the City of Patton Village along Riley Road and North Lakeview Drive, and Long Street.

Activity Description:

City of Patton Village shall remove and replace roadways, rehabilitate ditches, install culverts, and complete associated appurtenances for the Long Street Road Street and Drainage Improvements Project. This activity meets the low- and moderate-income national objective using the City-Wide ACS 2020 LMISD. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_F180_PattonVillage.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-186-F328_VictoriaCounty

Activity Title: Street Improvements and Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
11/12/2025

Projected End Date:
12/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Victoria County	Unknown	$ 4,599,540.00

Location Description:

Construction will take place in Victoria County at Hambleton Road and County Road / Hill Road for the Area 17 Telferner Hill Road Project.
Construction will take place at Coletoville Road for the Area 9 Coletoville Road Project.
Construction will take place at Brady Road for the Area 24B Brady Road Project.
Construction will take place at Katribe Street, Colorado Street, Brazos Street, Kensington Avenue Park Avenue, Houston Street /Webster Street, Rio Grande, San Antonio Avenue, Nueces Avenue, t, East Hatchett, Black Bayou Road No.1 /Cuero Avenue For the Area 4 Bloomington West Project.
Construction will take at place Debbie Drive, Gail Lane, Irma Drive, Reaser Drive, Clayton Street, Neal Street, Vernon Street, Holly Lane, Gene Avenue, Acorn Drive, Pecan Drive / Royal Oak Drive for the Area 5 Shady Oaks Subdivision Project.
Construction will take place at Baass Lane, Crestview Drive, Carter Street for the Area 15 Baass-Crestview-Carter TA Project.
Construction will take place at McFaddin Street, South Depot Street 2, Park Street, Bowie Street, South Depot Street 1 Area 3A Placedo Drainage McFaddin Depot Project.
Construction will take place at Old Port Lavaca Road No.1/Main Street Area 3B Placedo Old Port Lavaca & Main Project.
Construction will take place at Sandra Lane, Dawn Drive the Area 6 Dawn Drive -Sandra Lane Project.
Construction will take place at Raven Road for the Area 2 Raven Road Project.
Construction will take place at 6th Street Outfall Ditch for the Area 1 Bloomington Northeast Project.
Construction will take place at Cynthia Street for the Area 12 Cynthia Street Project.
Construction will take place at Nursery Road for the Area 11 Nursery Road Project.
Construction will take place at Old Highway Road Area 21 Old Hwy Road 1 Project.
Construction will take place at 1st Street for the Area 18 Telferner 1st Street Project.
Construction will take place at 2nd Street for the Area 19 Telferner 2nd Street Project.
Construction will take place at 3rd Street for the Area 20 Telferner 3rd Street Project.
Construction will take place at Stockdale Drive for the Area 16 Stockdale Drive Project.

Activity Description:

Street Improvements
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 17 Telferner Hill Road Project.
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 9 Coletoville Road Project.
Victoria County shall pave roadway, and complete associated appurtenances for the Area 24B Brady Road Project.
Flood and Drainage
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 5 Shady Oaks Subdivision Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 15 Baass-Crestview-Carter TA Project.
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 3A Placedo Drainage McFaddin Depot Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 3B Placedo Old Port Lavaca & Main Project.
Victoria County shall Replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 6 Dawn Drive -Sandra Lane Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 2 Raven Road Project.

Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 1 Bloomington Northeast Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 12 Cynthia Street Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 11 Nursery Road Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 21 Old Hwy Road 1 Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 18 Telferner 1st Street Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 19 Telferner 2nd Street Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 20 Telferner 3rd Street Project.
Victoria County shall regrade ditches, and complete associated appurtenances for the Area 16 Stockdale Drive Project.
This activity consists of the above projects with the same service areas. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using surveys. Please see the documents tab for the source data of the service area.
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 4 Bloomington West Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Area 4 Bloomington West Project.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_SUR_F328_VictoriaCounty1.pdf

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	5928		3198	53.95
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	15597
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Victoria, City of (INC)	Local Government	$ 9,762,450.00

Location Description:

Construction shall take place in the City of Victoria at Morris Street, Hyak Avenue, Tibiletti Road, Moussouh Street, Lala Street, Lone Tree Acres Open Channel, Lone Treet Road, and Tibiletti Road #1-3 Storm Street for the Lone Tree Acres Drainage Project.

Activity Description:

The City of Victoria shall acquire land, excavate the channel, install storm sewer, repair pavement, install culverts, and complete associated appurtenances for the Lone Tree Acres Drainage Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS FY 24 LMISD with the State Standardized Area Median Income (SMI) waiver applied. Please see the documents tab for the source data of the service area.

Environmental Assessment:

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document MIT_LMISD_F473_Victoria_LMI.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-200-F503_Clute_F&D

Activity Title: Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
01/13/2026

Projected End Date:
12/31/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Low/Mod: Benefit to low- and moderate-income persons/families

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 1,220,900.00	$ 1,220,900.00
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 1,220,900.00**	**$ 1,220,900.00**
Other Funds:	$ 0.00	
Total:	$ 1,220,900.00

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Brazoria County	Local Government	$ 27,024,271.00

Location Description:

Construction will take place at East Ashley-Wilson Road for the Ashley Wilson Ditch Repairs Project.
Construction will take place at Brazos Street for the Damon Water Plant No. and Auxiliary Generators for WP 1 Project.
Construction will take place at 6th Street for the Danbury Water System Improvements Project.
Construction will take place at North Cedar Street, West 5th Steet, West 4th Street, West 6th Street, North Cedar Street, West 4th Street, Martin Luther King Street, North Sycamore Street, and North Cedar Street, Magnolia Street in Brazoria County Fire Hydrant Expansion Project.
Construction will take place at 200 West Front Street in Brazoria County for the Ground Storage Tank Project.
Construction will take place at 100 West Brazos Avenue in Brazoria County for the West Columbia Water Plant 3 Storage Facilities Improvements Project.
Construction will take place at Run number 1 through Run number 35 in Brazoria County Brazoria City Inflow & Infiltration Project.
Construction will take place at County Road 44 and Farm to Market Road 521 for the CR 44 / FM 521 Intersection Improvements Project.
Construction will take place at County Road 400 for the CR 400 Relocation Project.
Construction will take place at State Highway 36 for the Damon Auxiliary Generators for WWTP Project.
Construction will take place at 9th Street, Avenue K between Avenue J Easement 9th Street, Avenue I between Avenue J Easement 9th Street, Avenue I between Avenue H Easement, Avenue G between Avenue H Easement, Avenue G between Avenue F Easement, Main Street between
Avenue F Easement, Avenue D, E and Main Street Easements, Avenue K between Avenue L Easement, 6th Street at Avenue K, Avenue K between Avenue J Easement 6th Street, Avenue I between Avenue J Easement 7th Street, Avenue I between Avenue H Easement 7th Street, Avenue G between Avenue H Easement 7th Street, Avenue G between Avenue F Easement 6th

th Street to 2nd Street, 3rd Street to Avenue A, Avenue C to Avenue A, Avenue B easement, Avenue C ditch at 2nd Street, 1st Street and 2nd Street easements, 2nd Street and Avenue E easement, E J Filipp Road, Wastewater Treatment Plant, Lift Station for the Danbury Sewer System Improvements Project.
Construction will take place at County Road 56 for the CR 56 / FM 521 Intersection Improvements Project.

Activity Description:

Flood and Drainage
Brazoria County shall grade and fill ditch, repair ditch and shoulder, install culvert and drainage structures, install road base, pave road, complete erosion control and associated appurtenances for the Ashley Wilson Ditch

Repairs Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for the Ashley Wilson Ditch Repairs Project.

Water Facilities

Brazoria County shall install a water well, tanks, pump house, pumps, controls, chlorination equipment, shelter, compressor, piping, generator, and transfer switch, and complete associated appurtenances for the Damon Water Plant No. and Auxiliary Generators for WP 1 Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for the Damon Water Plant No. and Auxiliary Generators for WP 1 Project.

Brazoria County shall rework existing well, install storage tank, pump building, pumps, piping, controls, disinfection equipment, and complete associated appurtenances at Water Plant No. 2. Install polyphosphate system and complete associated appurtenances at Water Plant No. 1 for the Danbury Water System Improvements Project. This activity meets the low- and moderate-income national objective using surveys for the Danbury Water System Improvements Project.

Brazoria County shall install water line, fire hydrants, and valves, connect services, repair pavement, install erosion control, and complete associated appurtenances for the Fire Hydrant Expansion Project. This activity meets the low- and moderate-income national objective using surveys for the Fire Hydrant Expansion Project.

Brazoria County shall dismantle and dispose of the existing ground storage tank, construct ground storage tank including foundation system, piping, and site work, and complete associated appurtenances for the Ground Storage Tank Project. This activity meets the urgent need income national objective using the City-Wide ACS 2020 LMISD for the Ground Storage Tank Project.

Brazoria County shall complete site work, rehabilitate pump station and storage tanks, and complete associated appurtenances for the West Columbia Water Plant 3 Storage Facilities Improvements Project. This activity meets the low- and moderate-income national objective using the City-Wide ACS 2020 LMISD for the West Columbia Water Plant 3 Storage Facilities Improvements Project.

Sewer Facilities

Brazoria County shall remove and replace manholes, replace sewer lines and pipes, and complete associated appurtenances for the Brazoria City Inflow & Infiltration Project. This activity meets the low- and moderate-income national objective using the City-Wide ACS 2020 LMISD for the Brazoria City Inflow & Infiltration Project.

Brazoria County shall install generator, transfer switch, tank, and electricals, and complete associated appurtenances for the Damon Auxiliary Generators for WWTP Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for the Damon Auxiliary Generators for WWTP Project.

Brazoria County shall install a generator at the Wastewater Treatment Plant, rehabilitate lift stations, sewer lines, and manholes, reconnect service, repair pavement, and complete associated appurtenances for the Danbury Sewer System Improvements Project. This activity meets the low- and moderate-income national objective using surveys for the Danbury Sewer System Improvements Project.

Street Improvements

Brazoria County shall acquire property, relocate the existing roadway, install base, pave road, complete ditch work, install culverts, and complete associated appurtenances for the CR 400 Relocation Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for the CR 400 Relocation Project.

Brazoria County shall regrade ditch, install culverts and road base, pave road, and complete associated appurtenances for the CR 44 / FM 521 Intersection Improvements Project. This activity meets the low- and moderate- income national objective using Census Tract and Block Group ACS 2020 LMISD for the CR 44 / FM 521 Intersection Improvements Project.

Brazoria County shall regrade ditch, install culverts and road base, pave road, and complete associated appurtenances CR 56 / FM 521 Intersection Improvements Project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for the CR 56 / FM 521 Intersection Improvements Project.

# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	10872
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Holiday Lake, Town of	Local Government	$ 1,582,000.00

Location Description:

Construction will take place in the Town of Holiday Lakes at South Sunset Boulevard, Spur, Artic Road/Lake Drive, Flanagan Lane, Hennessee Lane, O'Malley Lane, Sullivan Lane, Creekside Drive Nome Street Intersection, Creekside Drive Igloo Lane Intersection, Creekside Drive at Alaska Avenue, Creekside Drive at Tennis Court, and Outfall Drainage to Lake Aniak for the Town of Holiday Lakes Drainage Improvements Project.

Activity Description:

The Town of Holiday Lakes shall remove and replace pipes, install culverts, regrade ditches, adjust utilities, install road base, repair pavement, and complete associated appurtenances for the Town of Holiday Lakes Drainage Improvements Project. This activity meets the low- and moderate-income national objective using the City-Wide ACS 2020 LMISD. Please see the documents tab for the source data of the service area.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Activity Supporting Documents:

Document	MIT_LMISD_F505_HolidayLakesTown.pdf

Grantee Activity Number: RMP_HMID_LMI_24-065-207-F592_GalvestonCounty_SI

Activity Title: Street Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
04/15/2026

Projected End Date:
03/31/2030

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Projected Beneficiaries	Total	Low	Mod	Low/Mod%
# of Persons	14055		8560	60.90
# of structures harden against future flood events				0.0

Projected Accomplishments	Total
# of Targeted Section 3 Labor Hours	1
# of Section 3 Labor Hours	1
# of Total Labor Hours	1
% decrease in NFIP CRS score	
# of storm water projects implemented	
# of small water retention devices/systems installed	
# of reduced hours streets are flooded	
# of linear feet of shoreline restored	
# cubic feet of stormwater storage added	
# of non-invasive species trees planted on project sites	
# acres of newly added or improved green space	
# of properties with access above 100-yr flood level	
# of fewer outages of critical facilities and utilities	
# of acres no longer vulnerable to flood events	
# of green infrastructure projects constructed	
# of acres green infrastructure created	
% reduction of water surface elevation level	
% reduction of sanitary sewer overflows	
% reduction in loss of service	
% reduction in energy costs	

% increase in pumping capacity	
% increase in number of acres converted to open space	
% increase in groundwater infiltration	
% increase in acres of cropland protected from flooding	
% decrease water surface elevation level during a flood with a qualifying event	
% decrease in road closures in target area during a flood event	
% decrease in disruption hours to residents and businesses from impacts of	
% decrease in area inundated by flooding	
% decrease in affluent discharged	
% reduction in emergency maintenance costs	
# of water control structures repaired/replaced	
# of pump stations repaired/replaced	
# of linear feet of stream restored	
# of containment systems constructed	
# of brownfield acres converted to wetland	
# of acres with improved multiple hazard risk mapping	
# of acres of native vegetation planted	
# of residents protected from future flooding	
# of properties protected from future flooding	
# of acres green space preserved	
# of acres green space created	
# of vacant lots repurposed	
# occupied structures in floodplain	
# linear feet of streams restored	
# acres of wetlands created	
$ estimated flood loss avoidance	
# of linear feet of trails constructed	
# of greenspace users	
$ Funds allocated for water-quality improvements	
$ Funds allocated for water management/flood mitigation improvements	
% reduction of watershed nitrate loading	
# of Elevated Structures	
# of Linear Feet of Water Lines	
# of Linear Feet of Sewer Lines	
# of Linear miles of Public Improvement	
# of Linear feet of Public Improvement	24733
# of Non-business Organizations benefitting	
# of public facilities	
# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Galveston County	Local Government	$ 4,550,480.44

Location Description:

Construction for the Bacliff Street Improvements Project shall take place within Galveston County along Baker Avenue, 11th Street, 13th Street, 19th Street, 20th Street, Avenue A, Avenue B, Avenue D, Avenue E, Jackson Avenue, Miller Street, Smith Street, and Gordy Road.
Construction for the San Leon Street Improvements Project shall take place along 9th Street, 18th Street, 19th Street, 20th Street, Avenue J, and Avenue K.

Activity Description:

Galveston County shall remove and replace base and roadway, install mesh, and complete associated appurtenances for the Bacliff Street Improvements Project. This activity meets the low- and moderate-income national objective using City-Wide ACS 2015 LMISD for the Bacliff Street Improvements Project.
Galveston County shall remove and replace base and roadway, install mesh, and complete associated appurtenances for the San Leon Street Improvements Project. This activity meets the low- and moderate-income national objective using City-Wide ACS 2015 LMISD for the San Leon Street Improvements Project.
Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Liberty County	Local Government	$ 21,274,200.00

Location Description:

Planning studies project shall take place within Liberty County.

Activity Description:

Liberty County shall conduct a planning study to include survey data collection through bathymetric, terrestrial and aerial surveys; mapping jurisdictional boundaries with the capacity report, labelling and referencing ditches/outfalls with recorded rightsof-way for the jurisdiction; hydrologic and hydraulic study; plan development with detailed maps, identifying problem areas and recommended priority of projects for future flood mitigation and related activities.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF LEAGUE CITY	Local Government	$ 2,249,388.50

Location Description:

The planning studies will take place throughout the City of League City.

Activity Description:

The City of League City shall update the Clear Creek and Dickinson Bayou hydrologic and hydraulic models with Atlas 14 rainfall and current topographic conditions and revise the riverine special flood hazard areas for the FIRM Map Update project. The City of League City shall survey data collection through LiDAR, rain gauge data, GIS base map data, repetitive flood loss claims, record drawings, and other relevant information to collect key drainage infrastructure information such as channel and storm sewer geometry, perform a hydrologic and hydraulic study, and plan development with detailed maps, identifying problem areas and recommended priority of projects for the League City Drainage Studies project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
COASTAL BEND COUNCIL OF GOVERNMENTS	Local Government	$ 3,488,345.00

Location Description:

The planning studies will take place within Aransas, Bee, Jim Wells, Kleberg, Nueces, Refugio, and San Patricio Counties.

Activity Description:

The Coastal Bend Council of Governments shall develop a local situational awareness tool, including a needs assessment, prototype development and deployment, system design and development, and testing and validation for the Local Disaster Situational Awareness Tool Project.
The Coastal Bend Council of Governments shall gather and analyze data and conduct a comprehensive housing study for the Comprehensive Housing Study Project.
The Coastal Bend Council of Governments shall develop a comprehensive flood model, including a needs assessment, gathering and analyzing data, flood and probabilistic model development, exposure and risk assessments, and model and data management for the Compound Flood Study Project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Santa Fe	Unknown	$ 40,065.60

Location Description:

Construction shall take place in the City of Santa Fe along 14310 W. 8th St., Santa Fe, TX 77517 for the Runge Park Emergency Generator project.

Activity Description:

The City of Santa Fe shall purchase and install a generator, and complete associated appurtenances for the Runge Park Emergency Generator project. This activity meets the urgent need national objective using the City-Wide ACS FY 20 LMISD. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Fort Bend County	Local Government	$ 19,696,459.00

Location Description:

Construction for the Memorial Park River Bank Erosion Repair project shall take place in Fort Bend County along the Brazos River.

Construction for the Levee Improvement District #10 Erosion Repair project shall take place in Fort Bend County along the Brazos River.
Construction for the Steep Bank Creek Bank Erosion Repair project shall take place in Fort Bend County along Steep Bank Creek.

Activity Description:

Fort Bend County shall prepare, clear, and grub site, seed, excavate, stockpile, backfill, dispose of material, install stone, and complete associated appurtenances for the Memorial Park River Bank Erosion Repair project.
Fort Bend County shall install erosion protection, construct tiebacks, and complete associated appurtenances for the Levee Improvement District #10 Erosion Repair project.
Fort Bend County shall prepare, clear and grub site, seed, install grade control structures, excavate and dispose material, and complete associated appurtenances for the Steep Bank Creek Bank Erosion Repair project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the urgent need income national objective using Census Tract and Block Group ACS 2015 LMISD for the projects.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Houston-Galveston Area Council of Governments	Unknown	$ 21,285,520.08

Location Description:

Construction shall take place in the City of Columbus at 4128 State Highway 71 and at Tait Street.

Activity Description:

Sewer Facilities
The Houston-Galveston Area Council shall remove and replace current wastewater facility, install generator, and complete associated appurtenances for the City of Columbus Wastewater Treatment Plant project.
Flood and Drainage
The Houston-Galveston Area Council shall clear and grub; excavate; establish vegetation; stabilize and install subgrade; install cellular confinement and filter, weir, riprap, and silt fence; remove and replace fence; and complete associated appurtenances for the Crosby-Eastgate Mitigation Project.
This activity meets the Urgent Need national objective through the use of city-wide ACS 2015 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the City of Columbus Wastewater Treatment Plant project.

This activity meets the Urgent Need national objective through the use of Census-Tract/Block Groups ACS 2015 LMISD for the Crosby-Eastgate Mitigation Project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Hardin County	Unknown	$ 16,044,500.00

Location Description:

Construction for the El Pinto – Fletcher Channel and Detention Improvements (Lumberton) shall take place in Hardin County along Fletcher Channel, El Pinto Roadway, El Pinto Channel and the Dentention Pond.
Construction for the Lumberton, Woodcrest Area Roadside Ditch Improvements shall take place in Hardin County along Cedar Drive, Birch Drive, Ash Drive, Dogwood Drive, Rice Drive, Wingfield Drive, Cornell Drive, Harvard Drive, Princeton Street, South Wind Street, Crosswind, North Wind Street, 2nd Street, 1st Street, Hickory Street, Ratliff Drive, 3rd Street, Yale Street Duke Street, Chestnut Street, Windwood Boulevard, and West Wind Street.
Construction for the Kountze; Roadside Ditch & Channel Improvements project shall take place along East Williford Road Drainage Channel, Old Farm to Market 418 Drainage Channel, Chile Daniel Road Drainage Channel, Villa Road Drainage Channel, Dale Street Drainage Channel, Barrett Street Drainage Channel, Blackgum street, North Cypress Street, North Walnut Street, North Ash Street, North Oak Street, North Beech Street, North Cherry Street, Old Farm to Market Road 418, Cypress Street, South Walnut Street, South Ash Street, South Oak Street, South Beech Street, South Cherry Street, Walters Lane, Kimberly Lane, East Wiliford Road, East Brown Street, Mil Street, Allums Street, Bear Street, Fox Street, Deer Street, Tiger Street, 1st-4th Street, Villa Road, Riggs Street, PAN-AM Road, Feagin Street, Cariker Street, Marshall Street, Tubb Street, Martin Luther King Street, Charles Street, Dale Street, East Vanderburg Street, Barret Street, Otis Street, Wiggins Street, Smith Street, Allen Street, and Lindsey Street.
Construction for the Lumberton, Adler Ditch Channel Improvements project shall take place in Hardin County at Adler Ditch.

Activity Description:

Hardin County shall install channel lining, storm sewer, culverts, and headwall; pave roadway; acquire land; construct a detention pond; and complete associated appurtenances for the El Pinto – Fletcher Channel and Detention Improvements (Lumberton) project. This activity meets the Urgent Need Income national objective through the use of surveys.
Hardin County shall shall conduct a hydrologic and hydraulic study, rehabilitate roadside ditches and drives, replace culverts, and complete associated appurtenances for the Lumberton, Woodcrest Area Roadside Ditch Improvements project. This activity meets the Urgent Need Income national objective through the use of Census

Tract/Block Group LMISD.
Hardin County shall conduct a hydrologic and hydraulic study, excavate ditch, clear and shape channel, replace culverts, and complete associated appurtenances for the Kountze, Roadside Ditch & Channel Improvements project. This activity meets the Urgent Need Income national objective through the use of Census Tract/Block Group LMISD.
Hardin County shall conduct a hydrologic and hydraulic study, install channel lining and headwalls, adjust box culverts, and complete associated appurtenances for the Lumberton, Adler Ditch Channel Improvements project. This activity meets the Urgent Need Income national objective through the use of Census Tract/Block Group LMISD.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Matagorda, County of	Local Government	$ 2,052,673.00

Location Description:

Construction shall take place in Matagorda County at Trinity Street New Water Well, Brazos Street and Trinity Street, Nueces Street, and Lower Colorado Road for the River Oaks Water System Improvements project.
Construction shall take place in Matagorda County at Selkirk Drive, and Selkirk Road for the Selkirk Water Well Improvements project.
Construction shall take place in Matagorda County at Louisa Drive, Jane Lane, Rachel Drive, Banyansco Avenue for Selkirk Water Line Improvements project.

Activity Description:

Matagorda County shall acquire land, install pipe, gate valves, service taps, a water well with controls, tank and electrical service, disinfection equipment, pave road, and complete associated appurtenances for the River Oaks Water System Improvements project.
Matagorda County shall install generator pads, generators, controls, booster pumps, a water meter, and complete associated appurtenances for the Selkirk Water Well Improvements project.
Matagorda County shall install pipe, valves and fittings, service connections, and complete associated appurtenances for the Selkirk Water Line Improvements project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the urgent need national objective using surveys. Please see the documents tab for the source data of the service area.

PORTLAND, CITY OF	Local Government	$ 2,269,600.00

Location Description:

Construction shall take place in the City of Portland at Elm Street for the City of Portland Old Towne Improvements.
Construction shall take place in the City of Portland at Broadway Avenue for the Broadway Wastewater Line project.

Activity Description:

Flood and Drainage
The City of Portland shall grade and regrade ditches; install pipe, curb inlets, storm sewers, grate inlets, outfall structure, safety end treatments; repair driveways; adjust sewer and water service line connections; remove and repair pavement, and complete associated appurtenances for the City of Portland Old Towne Improvements.

Sewer Facilities
The City of Portland shall remove and replace sewer line, manholes, curb and gutters, pavement, install service connections, inlets, repair sidewalks, and complete associated appurtenances for the Broadway Wastewater Line project.

This activity consists of projects with the same service areas for the above projects. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the Urgent Need Mitigation national objective through the use of Census Tract Block Group ACS 2015 LMISD with the State Standardized Area Median Income (SMI) waiver applied. Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
County of, San Patricio	Local Government	$ 3,984,979.19

Location Description:

Construction shall take place in San Patricio County.
Construction shall take place along Starlight Drive, Post Oak Drive, Live Oak Street, Ebony Street, Bayshore Drive, Parkview Place, Sunset, Bayshore Circle, and Bayshore Court for the Ingleside on the Bay project.
Construction shall take place along County Road 2249 for the CR 2249 at SH 188 project.

Activity Description:

San Patricio County shall excavate; regrade ditches and channel; install culverts, pipe, inlets, and junction boxes; repair bulkheads, pavement and driveway; and complete associated appurtenances for the Ingleside on the Bay project.
San Patricio County shall regrade ditch; install culverts; remove and replace pavement; and complete associated appurtenances for the CR 2249 at SH 188 project.
This activity consolidates the distinct service areas for the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the Urgent Need national objective using City-Wide ACS FY 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Ingleside on the Bay project, and survey for the CR 2249 at SH 188 project. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CALHOUN COUNTY	Local Government	$ 1,106,575.00

Location Description:

Construction shall take place in Calhoun County.
Construction shall take place along Ditch northwest of Seakist Lane and Seakist Road and Outfall #1.1 from end of the Ditch north of Seakist Lane for the Seakist Drainage project.
Construction shall take place along Outfall 1.1, Outfall 1.2, Outfall 1.3, Outfall 1.4, Outfall 1.5, Outfall 1.6, Outfall 1.7, and Westerlund Grade Road for the Hackberry Drainage project.

Activity Description:

Calhoun County shall improve ditches; remove and replace culverts; install headwalls; splash pad; outfall; repair driveways; and complete associated appurtenances for the Seakist Drainage project.
Calhoun County shall improve berm; remove and replace culverts; install spillway; and complete associated appurtenances for the Hackberry Drainage project.
This activity consolidates the distinct service areas for the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. Simonton, City of	Local Government	$ 1,559,100.00

Location Description:

Construction shall take place in the City of Alvin at Wrangler Rd, Lariat Ln, and Wagon-Cheyenne Rd, Cheyenne From Wagon to Pony, Pony 1 From Broncho to Lariat, Pony 2 From Buckboard to Hondo, Buckboard From Wagon to Pony, Bridle From Wagon to Pony, Hondo From Wagon to Pony for the Simonton Roadway Replacement project.
Construction shall take place in the City of Alvin at Surrey Dr, Indian Rd, Tejas Rd, Custer Rd, Fort Bend Culvert, and Wagon Culvert for the Simonton Drainage Improvements project.

Activity Description:

The City of Simonton shall remove existing roadway, pave road, and complete associated appurtenance for the Simonton Roadway Replacement project.
The City of Simonton shall regrade roadside ditches, remove and repair culverts, and complete associated appurtenances for the Simonton Drainage Improvements project.
This activity consists of projects with the same service areas. The projected beneficiaries in the Measure tab represent the total number of persons to benefit from the service area. This activity shall meet Urgent Need Mitigation national objective through the use of ACS 2015 LMISD.

Environmental Assessment: UNDERWAY

Environmental Reviews: None

Activity Attributes

Subject to Section 3 Requirements: Yes

Environmental Reviews: None

Activity Supporting Documents: None

Grantee Activity Number: RMP_HMID_UN_24-065-171-F137_RefugioCounty

Activity Title: Sewer Facilities and Flood and Drainage Improvements

Activity Type:
MIT - Public Facilities and Improvements-Non Covered Projects

Activity Status:
Under Way

Project Number:
0006

Project Title:
Regional Mitigation Program

Projected Start Date:
07/18/2025

Projected End Date:
11/30/2028

Project Draw Block by HUD:
Not Blocked

Project Draw Block Date by HUD:

Activity Draw Block by HUD:
Not Blocked

Activity Draw Block Date by HUD:

Block Drawdown By Grantee:
Not Blocked

National Objective:
Urgent Need Mitigation: Activities funded with the CDBG-MIT grant that result in measurable and verifiable reductions in the risk of loss of life and property from future disasters and yield community development benefits

---

Total Budget:

Grant Number	Total Budget	Most Impacted and Distressed Budget
B-18-DP-48-0002	$ 4,820,347.45	$ 4,820,347.45
B-19-DT-48-0001	$ 0.00	$ 0.00
Total:	**$ 4,820,347.45**	**$ 4,820,347.45**
Other Funds:	$ 0.00	
Total:	$ 4,820,347.45

# of buildings (non-residential)	

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Refugio County	Unknown	$ 4,820,347.45

Location Description:

Construction shall take place in Refugio County at Lift Station 1-5 for the Refugio (Town) Lift Station Improvements project.
Construction shall take place along Austin Street, Stevens Street, Luthardt Street, Mernitz Street, Hexter Street, Gisler Street, Emison Street, Dunson Street, Haynes Street, Dilworth Street, Vandenberge Street, Proctor Street, Main Street, McDowell Street, and Bay Street for the Austwell Drainage Improvements project.
Construction shall take place at Kelso Road for the Kelso Rd Drainage Improvements project.

Activity Description:

Sewer Facilities
Refugio County shall remove and replace lift stations and electrical controls; install pumps; upgrade electrical controls; and complete associated appurtenances for the Refugio (Town) Lift Station Improvements project.
Flood and Drainage
Refugio County shall excavate base; treat surface; install prime coat, textile, crown and base; regrade ditch and outfall structure; install pipe; and complete associated appurtenances for the Austwell Drainage Improvements project.
Refugio County shall excavate base; treat surface; install prime coat, textile, crown and base; regrade ditch; and complete associated appurtenances for the Kelso Rd Drainage Improvements project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the urgent need national objective using City-Wide ACS 2015 LMISDs with the State Standardized Area Median Income (SMI) waiver applied for the above projects.
Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
ROUND TOP, TOWN OF	Local Government	$ 1,965,200.00

Location Description:

Construction shall take place in the Town of Round Top. Construction shall take place Bauer Rummel Road for the Bauer Rummel Street Improvements project. Construction shall take place at Farm to Market Road 1457 for the FM 1457 Water Line project.

Activity Description:

The Town of Round Top shall excavate; pave road; replace driveway culverts; improve channel and outfall structure; upsize, reconnect, and move existing waterline; install fire hydrants; and complete associated appurtenances for the Bauer Rummel Street Improvements project.
The Town of Round Top shall replace and upsize water line, install fire hydrants, and complete associated appurtenances for the FM 1457 Water Line project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using the City-Wide ACS FY 21 LMISD for the projects listed above. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Nueces County	Unknown	$ 6,845,544.94

Location Description:

Construction shall take place in Nueces County.
Construction for the Nottingham Acres Drainage project shall take place at Farm to Markey 43 Pond and along Loxley Dr. Channel.
Construction for the Santa Maria Drainage project shall take place along Santa Maria Lane West, along Santa Maria Offsite Ditch, along Mr. Bobs Trail Northwest, Santa Maria Lane North Detention Pond, and Santa Maria Lane South Detention Pond.
Construction for the London Ditch Drainage project shall take place along London Ditch Drainage.

Activity Description:

Nueces County shall acquire property; construct drainage channel; increase capacity in an existing retention pond; install rip-rap, concrete headwall, and box culvert; and complete associated appurtenances for the Nottingham Acres Drainage project.
Nueces County shall acquire property; construct a detention pond; construct drainage ditch; regrade roadside ditches; install pipe; reconstruct driveways and sidewalks; and complete associated appurtenances for the Santa Maria Drainage project.
Nueces County shall acquire property; construct a drainage channel; regrade roadside ditches; and complete associated appurtenances for the London Ditch Drainage project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Victoria County	Unknown	$ 1,976,460.00

Location Description:

Construction will take place in Victoria County.

Street Improvements
Construction will take place at Diebel Road for the Area 7 Diebel Road Project.
Construction will take place at Foster Road No.1 & No. 2 and Rodriguez Road for the Area 24A Foster-Rodriguez Project.
Construction will take place at Joe Beaver Lane for the Area 10 Joe Beaver Lane Project.
Flood and Drainage
Construction will take place at Bambi Drive, Paco Road, and Northside Road for the Area 13 Northside-Bambi-Paco TA
Construction will take place at Bambi Drive for the Area 13 Northside-Bambi-Paco TA Project.
Construction will take place at Tara Road, and Twelve Oaks Road for the Area 23 Mid Way Estates
Construction will take place at Kendall Drive for the Area 14 Kendall Drive Project.
Construction will take place at Old Highway Road No. 2 for the Area 22 Old Hwy Road 2 Project.

Activity Description:

Street Improvements
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 7 Diebel Road Project.
Victoria County shall replace culverts, pave roadway, and complete associated appurtenances for the Area 24A Foster-Rodriguez Project.
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 10 Joe Beaver Lane Project.
Flood and Drainage
Victoria County shall replace culverts, regrade ditches, pave, and complete associated appurtenances for the Area 13 Northside-Bambi-Paco TA Project.

Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 23 Mid Way Estates Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 14 Kendall Drive Project.
Victoria County shall replace culverts, regrade ditches, and complete associated appurtenances for the Area 22 Old Hwy Road 2 Project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Victoria, City of (INC)	Local Government	$ 9,762,450.00

Location Description:

Construction shall take place in the City of Victoria.
Construction shall take place at the Regional Wastewater Treatment Plant 923 U.S. Highway 59 South for the Regional Wastewater Treatment Plant New Influent Screening Facility Project.
Construction shall take place at Public Works, Ariline Lift Station, Airport Lift Station, Anthony Rd Lift Station, Ben Wilson Lift Station, Bottom St Lift Station, City Park Lift Station, Conti Lane Lift Station, Green's Addition Lift Station, Hwy 59 B Lift Station, Hwy 77 Lift Station, Hwy 77 N Lift Station, Juan Linn Lift Station, Loop 175 Lift Station, Water Well #26, Magruder Lift Station, Mercado Creek Lift Station, Navarro St Lift Station, Texan Lift Station, Odem St Wastewater Treatment Plant, and Regional Wastewater Treatment Plant Lab/Control Building for the SCADA Sewer Facilities Locations project.
Construction shall take place at Raw Water Pump Station, River Pump Station, Water Tower #1 ,3, 4, 5,and 6, SWTP - Plant 3 Main & Chemical Buildings, SWTP Server/Mezzanine, Water Well #15, 16, 17, 19, 20, 21, 23, 25, and 26 for the SCADA Water Facilities Locations project.

Activity Description:

Sewer Facilities
The City of Victoria shall construct base and wall; install a motor control center, conduit and conductors, and mechanical and manual screens; improve facility roads and drainage; and complete associated appurtenances for the Regional Wastewater Treatment Plant New Influent Screening Facility project.
The City of Victoria shall install radios, control panels, antenna tower, and controllers; program equipment; and complete associated appurtenances for the SCADA Sewer Facilities Locations project.
Water Facilities
The City of Victoria shall install radios, control panels, antenna tower, and controllers; program equipment; and complete associated appurtenances for the SCADA Water Facilities Locations project.

This activity consists of the above projects with the same service areas. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using the City-Wide ACS FY 21 LMISD. Please see the documents tab for the source data of the service area.

Responsible Organization	Organization Type	Proposed Budget
Brazoria County	Local Government	$ 16,302,629.00

Location Description:

Construction will take place at Riverside Drive and Easement north of East Timberland Drive, Riverside Drive Easement, Main Street, Ridgemont Drive, Easement between East Timberlane Drive and Hillcrest Drive, Easement between East Crestmont Drive and Ridgemont Drive, Easement between Hillcrest Drive and East Crestmont Drive, Easement between East Lakespur Drive and East Timberlane Drive, Easement between East Wildwinn Drive and East Sherwood Drive, Easement between East Sherwood Drive and East Lakespur Drive, Easement behind East Wildwinn Drive, Easement between West Sherwood Drive and West Larkspur Drive, Easement between West Larkspur Drive and West Timberlake Drive, and Easement between West Wildwinn Drive and West Sherwood Drive in Brazoria County for the Hillcrest Village Sewer Improvements Phase 1 Project.
Construction will take place at Chocolate Bayou Bridge in Brazoria County for the CR 171 over Chocolate Bayou Project.
Construction will take place at Austin Bayou in Brazoria County for the Austin Bayou De-Snagging Project.
Construction will take place at 65ft Drainage Easement and 60ft Drainage Easement, Mitigation Pond 1, Mitigation Pond 2, and Mitigation Pond 3 in Brazoria County for the Pearland Airport Area Drainage Improvements Project.
Construction will take place at Oyster Creek in Brazoria County for the Oyster Creek De-Snagging Project.
Construction will take place at San Bernard River in Brazoria County for the San Bernard River Mouth Dredging Project.

Construction will take place at County Road 192 in Brazoria County for the CR 192 Ditch Improvements Project.
Construction will take place at Runway Ditch in Brazoria County for the Airport Ditch Repairs Project.

Activity Description:

Sewer Facilities
Brazoria County shall rehabilitate or replace sewer line and manholes, reconnect service, and complete associated appurtenances for the Hillcrest Village Sewer Improvements Phase 1 Project. This activity meets the urgent need income national objective using the City-Wide ACS 2020 LMISD for the Hillcrest Village Sewer Improvements Phase 1 Project.
Street Improvements
Brazoria County shall demolish, remove, and dispose existing bridge, complete earthwork, construct new bridge, and complete associated appurtenances for the CR 171 over Chocolate Bayou Project. This activity meets the urgent need national objective using Census Tract and Block Group ACS 2020 LMISD for the CR 171 over Chocolate Bayou Project.
Flood and Drainage
Brazoria County shall remove debris and complete associated appurtenances for the Austin Bayou De-Snagging Project. This activity meets the urgent need national objective using Census Tract and Block Group ACS 2020 LMISD for the Austin Bayou De-Snagging Project.
Brazoria County shall excavate ditches and mitigation ponds, install culverts, base roads, and pavement, and complete associated appurtenances Pearland Airport Area Drainage Improvements Project. This activity meets the urgent need national objective using Census Tract and Block Group ACS 2020 LMISD for the Pearland Airport Area Drainage Improvements Project.
Brazoria County shall remove debris and complete associated appurtenances for the Oyster Creek De-Snagging Project. This activity meets the urgent need national objective using Census Tract and Block Group ACS 2020 LMISD for the Oyster Creek De-Snagging Project.
Brazoria County shall dredge river and complete associated appurtenances for the San Bernard River Mouth Dredging Project. This activity meets the urgent need income national objective using Census Tract and Block Group ACS 2020 LMISD for the San Bernard River Mouth Dredging Project.
Brazoria County shall grade and fill ditch, install culverts, repair shoulder, complete erosion control and associated appurtenances for the CR 192 Ditch Improvements Project. This activity meets the urgent need national objective using Census Tract and Block Group ACS 2020 LMISD for the CR 192 Ditch Improvements Project.
Brazoria County shall restabilize and seed ditch, and complete associated appurtenances for the Airport Ditch Repairs Project. This activity meets the urgent need national objective using Census Tract and Block Group ACS 2020 LMISD for the Airport Ditch Repairs Project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Palacios	Unknown	$ 1,384,700.00

Location Description:

Construction shall take place in the City of Palacios along Drainage Channel along east side of TX Hwy 35 at Bethany Park and In-line detention along St. Joseph Dr at Bethany Park.

Activity Description:

The City of Palacios shall excavate, clear, grub, and perform offsite disposal; install lining, culverts, trench drains, pipe, inlets, manholes, rip rap, in-line detention system, lift station, and utility reconnections, relocate utilities, remove and replace roadway, and complete associated appurtenances for the Bethany Park Drainaige Improvements project. This activity meets the low- and moderate-income national objective through the use of a survey.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Austin County	Local Government	$ 6,750,100.00

Location Description:

Street Improvements
Construction for the Pyka project shall take place in Austin County along Pyka Road and Pyka Road Drainage Ditch
Construction for the Wendt Road project will take place along Wendt Road.
Flood & Drainage Improvements
Construction for the Hickory-Boggy Creek project will take place along Boggy Creek and Hickory Road.
Construction for the Peschel Lane project will take place along the Drainage Ditch near railroad from Peschel Lane to Hwy 90, and on Peschel Lane.
Service areas for each project are distinct.

Activity Description:

Street Improvements
Austin County shall develop a Storm Water Pollution Prevention Plan, acquire easements, replace road surface and driveway, upsize culverts, replace fencing, regrade and reseed ditches, and complete associated appurtenances for the Pyka project.
Austin County shall develop a Storm Water Pollution Prevention Plan, acquire easements, replace road surface and driveway, upsize culverts, replace fencing, regrade and reseed ditches, and complete associated appurtenances for the Wendt Road project.

Flood & Drainage

Austin County shall remove and reconstruct bridge, clear and regrade ditches, pave concrete slopes, reconstruct culverts, and complete associated appurtenances for the Hickory-Boggy Creek project.

Austin County shall clear, excavate, and regrade drainage ditches; reconstruct road surfaces; and complete associated appurtenances for the Peschel Lane project.

This activity meets the low- and moderate-income national objective through the use of surveys for each project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Kleberg County	Unknown	$ 5,076,900.00

Location Description:

Construction shall take place in Kleberg County at Baffin Bay Shelter of Last Resort/Fire Substation, Riviera Shelter of Last Rest/Fire Substation, and Ricardo shelter of Last Resort/Fire Substation. This project constitutes a county-wide benefit to the persons of Kleberg County.

Activity Description:

Kleberg County shall construct/rehabilitate three (3) shelters of last resort/fire substations, install generators; driveways; water storage tanks; improve drainage; and complete associated appurtenances for the Kleberg County Shelters of Last Resort and Fire Substations project. A new facility will be constructed in Ricardo. Rehabilitation will occur at the Riviera location. Acquisition for construction of a new facility will occur in Baffin Bay. This activity meets the low- and moderate-income national objective through the use of Census Tract Block Group LMISD with the state Standardized Area Median Income (SMI) waiver for the Kleberg County Shelters of Last Resort and Fire Substations project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Onalaska	Unknown	$ 651,296.50

Location Description:

Construction for the Magnolia and Payne Street Improvements project shall take place in the City of Onalaska along West houston Avenue, Paynes Lane, and Magnolia Drive.

Activity Description:

The City of Onalaska shall acquire property, perform channel improvements, install culverts and driveways, and complete associated appurtenances for the Magnolia and Payne Street Improvements project. This activity meets the low- and moderate-income national objective with the use of the city-wide State Median Income (SMI) waiver LMISD.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Bedias, City of	Local Government	$ 1,217,700.00

Location Description:

Construction shall take place in the City of Bedias at the Drainage Ditch from the east end of Sycamore Street; and along Magnolia Street, Hennye Street, County Road 130, Plum Street, Shiflet Street, West Main Street, East Street, Grimes Street, and West Street.

Activity Description:

The City of Bedias shall excavate ditches, install channel and pipes, stabilize subgrade, repair pavement, relace driveways, and complete associated appurtenances for the Bedias Drainage Improvement project. This activity meets the low- to moderate-income national objective through the use of surveys.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Midway	Unknown	$ 942,528.00

Location Description:

Construction for the Midway Water Improvements project shall take place in the City of Midway along State Highway 21 West and Water Plant Improvement.
Construction for the Post Oak Target Area Drainage project shall take place in the City of Midway along Post Oak Loop, Ash Street, Willow Street, and Elm Street.
Construction for the Hickory Loop Drainage project shall take place in the City of Midway along Hickory Loop.
Construction for the Mesquite Lane Drainage project shall take place in the City of Midway along Mesquite Lane and Locust Lane.
Construction for the School Road and School Loop Drainage Improvements project shall take place in the City of Midway along School Road and School Loop.
Construction for the Midway Emergency Notification project shall take place in the City of Midway along Midway City Hall.
Service areas for the Post Oak Target Area Drainage, Hickory Loop Drainage, Mesquite Lane, School Road, and School Loop Drainage projects are destinct, and Midway Water Improvements and Midway Emergency Notification projects are the same.

Activity Description:

Water Facilities
The City of Midway shall replace a booster pump; automate a backwash system: replace a fence line: replace a fill station and complete associated appurtenances for the Midway Water Improvements project. This activity meets the low- and moderate-income national objective through the use of the FY-21 City-Wide LMISD with state Standardized Area Median Income (SMI) waiver applied.
Flood and Drainage
The City of Midway shall blade roads and slope edges for drainage, resurface roadway with asphalt millings, perform brush clearing of culverts, ditches, and associated appurtenances for the Post Oak Target Area Drainage project. This activity meets the low- and moderate-income national objective through the use surveys.
The City of Midway shall blade roads and slope edges for drainage, resurface roadway with asphalt millings, perform brush clearing of culverts, ditches, and associated appurtenances for the Hickory Loop Drainage project. This activity meets the low- and moderate-income national objective through the use surveys.
The City of Midway shall blade roads and slope edges for drainage, resurface roadway with asphalt millings, perform brush clearing of culverts, ditches, and associated appurtenances for the Mesquite Lane and Locust

Lane Drainage project. This activity meets the low- and moderate-income national objective through the use surveys.

The City of Midway shall blade roads and slope edges for drainage, resurface roadway with asphalt millings, perform brush clearing of culverts, ditches, and associated appurtenances for the School Road and School Loop Drainage Improvements project. This activity meets the low- and moderate-income national objective through the use surveys.
Public Facilities
The City of Midway shall install an emergency siren notification system and complete associated appurtenances for the Midway Emergency Notification project.
This activity meets the low- and moderate-income national objective through the use of the FY-21 City-Wide LMISD with state Standardized Area Median Income (SMI) waiver applied.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF HEARNE	Local Government	$ 500,000.00

Location Description:

Construction shall take place in the City of Hearne at the San Antonio Street Water Plant.

Activity Description:

The City of Hearne shall improve storage and pump buildings, install pumps and chlorine gas equipment, and associated appurtenances for the City of Hearne San Antonio Water Plant project.
This activity meets the low- to moderate-income national objective through the use of city-wide LMISD with the state Standardized Area Median Income (SMI) waiver applied.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Madisonville	Unknown	$ 1,041,400.00

Location Description:

Construction for the Caset St TA project shall take place in the City of Madisonville along White Street/Ash Street and Arrow Street/North Casey Street.
Construction for the Bailey Street TA project shall take place in the City of Madisonville along Mickey Leland Boulevard, Broadway Street, McLaren Street, and Bailey Street.
Construction for the Memorial (1st) St TA project shall take place in the City of Madisonville along Memorial Drive.
Construction for the Thompson Lp TA project shall take place in the City of Madisonville along Thompson Loop.
Service areas for each project are distinct.

Activity Description:

The City of Madisonville shall remove and replace existing road, compact base, complete crowning, regrade ditch, and complete associated appurtenances for the Casey St. TA project.
The City of Madisonville shall remove and replace existing road, compact base, complete crowning, regrade ditch, and complete associated appurtenances for the Bailey Street TA project.
The City of Madisonville shall remove and replace existing road, compact base, complete crowning, regrade ditch, and complete associated appurtenances for the Memorial (1st) St TA. project.
The City of Madisonville shall remove and replace existing road, compact base, complete crowning, regrade ditch, and complete associated appurtenances for the Thompson Lp TA project.
These activity meet the low- and moderate-income national objective through the use of surveys.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Colorado, County of	Local Government	$ 4,791,968.81

Location Description:

Construction for the Communication Tower project shall take place in Colorado County at 306 Main Street Garwood, TX.
Construction for the Rock Island WSC project shall take place in Colorado County at Main Street (County Road 106) and 11th Streets, Rock Island Well 1 Generator at 3326 Country Road 106, and Rock Island Backup Well Generator at the southeast corner of the intersection of 6th Street and County Road 106.

Construction for the WCID 2 water improvements project shall take place in Colorado County at the Garwood Water Well 1 Generator at 605 Townsend Street and Garwood Backup Well Generator at 1104 Lions Park Drive.

Construction for the Sheridan Water Supply Improvements project shall take place in Colorado County at PWS Generator and PWS Pressure Tank at 5514 West 1st Street .

Construction for the Sheridan Sewer project shall take place in Colorado County at the Sheridan WWLS Generator east of the West 2nd Street and Avenue H intersection and the Sheridan WWTP Generator at 5399 2nd Street.

Construction for the WCID 2 sewer improvements project shall take place in Colorado County at WWLS north of the intersection of State Highway 71 and Lions Park Drive and the WWTP Generator and WW RAS Pump at 1100 Mansfield Street.

Construction for the Glidden Sewer-Norway Street project shall take place in Colorado County at Norway Street.

Activity Description:

1. Colorado County shall build a communication tower and equipment building; install fence, solar panels, access drive; and complete associated appurtenances for the Communication Tower public improvements project.
Colorado County shall install generators with foundations, water lines, and complete associated appurtenances for the Rock Island WSC water improvements project.
Colorado County shall install generators with foundations and complete associated appurtenances for the WCID 2 water improvements project.

Colorado County shall install a generator, pressure storage tank, and complete associated appurtenances for the Sheridan Water Supply Improvement water improvements project.
Colorado County shall install generators with foundations and complete associated appurtenances for the Sheridan Sewer sewer improvements project.
Colorado County shall install generators with foundations, sludge pump, and complete associated appurtenances for the WCID 2 sewer improvments project.
Colorado County shall replace sewer pipes and complete associated appurtenances for the Glidden Sewer-Norway Street sewer improvement project.
2. This activity consolidates the overlapping service areas of the Communication tower, Rock Island WSC, WCID 2 water improvement, Sheridan Water Supply Improvements,Sheridan Sewer, and WCID 2 sewer improvement projects with the distinct service area of the Glidden Sewer-Norway Street project into one reportable area that does not double count beneficiaries from overlapping service areas.
3. This activity meets the low- to moderate-income national objective using a) Census Tract and Block Group ACS 2021 LMISD with the State Standardized Area median Income (SMI) for the Communication Tower and Sheridan Sewer projects and b) surveys for all other projects.
Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Deep East Texas Council of Governments (DETCOG)	Local Government	$ 10,968,472.00

Location Description:

Construction for the DETCOG State MID Broadband project shall take place in Sabine and San Augustine Counties along US Hwy 96, TX Hwy 103, TX Hwy 147, and US Hwy 21, and at San Augustine Towers 51-56.
Construction for the DETCOG State MID Interoperable Radio Communications Infrastructure shall take place in Sabine and San Augustine Counties at the San Augustine County Sheriff's Office, Sabine County Sherriff's Office; Tower 3 - FCC Reg 1027867, Tower 11 - FCC Reg. 1050358, and Tower 10 - FCC Reg. 1050355.

Activity Description:

1. The Deep East Texas Council of Governments (DETCOG) shall execute tower leases; install fiber optic cables, microwave links, tower attachments, and premise equipment; and complete associated appurtenances for the DETCOG State MID Broadband activity.
DETCOG shall execute leases, install radio frequency antenna systems and communication consoles, and complete associated appurtenances for the DETCOG State MID Interoperable Radio Communications Infrastructure project.
2. This activity consolidates the service areas of the listed projects into one reportable area that does not double count beneficiaries. The projected beneficiaries in the Measures tab represent the unique "Total Number of Persons" to benefit from all projects.
3. This activity meets the low- to moderate-income national objective using County-Wide ACS 2021 LMISD with the State Standardized Area Median Income Waiver (SMI) applied for all projects. See the Documents tab for beneficiary support documentation.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Seadrift	Unknown	$ 1,736,200.00

Location Description:

Construction shall take place in the City of Seadrift at Water Plant Site 1 and 2 for the Water Systems Improvements project.

Activity Description:

The City of Seadrift shall install an elevated storage tank, booster pump and controls; connect water line; and complete associated appurtenances for the Water Systems Improvements project. This activity meets the low- and moderate-income national objective through the use of city-wide LMISD with the state Standardized Area Median Income (SMI) waiver.

Responsible Organization	Organization Type	Proposed Budget
Grimes County	Local Government	$ 996,700.00

Location Description:

Construction shall take place in Grimes County at Live Oak Drive and Tawneyberry Lane for the Reconstruction of Tawneyberry Ln and Live Oak Drive project.
Construction shall take place in Grimes County at County Road 409 at Spring Creek Drainage for the County Road 409 at Spring Creek Improvement project.
Service areas are distinct.

Activity Description:

Sewer Facilities

Grimes County shall stabilize subgrade and pave; install culverts, safety end treatments; and complete associated appurtenances for the Reconstruction of Tawneyberry Ln and Live Oak Drive project.

Flood and Drainage

Grimes County shall stabilize subgrade and pave; install culverts, safety end treatments; and complete associated appurtenances for the County Road 409 at Spring Creek Improvement project.

This activity meets the low- and moderate-income national objective through the use of surveys.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Matagorda, County of	Local Government	$ 3,302,889.00

Location Description:

Construction shall take place in Matagorda County at Markham WWTP, Ave L, North Ave K, Ave J, Ave I, Ave H, Canal St 1, Canal St 2, 4th St 1, 4th St 2, and along the easement from Canal St for the Markham Sewer System Improvements project.
Construction shall take place in Matagorda County at 4871 Blessing and Midfield Rd for the Midfield Sewer System Improvements project.
Construction shall take place in Matagorda County at Lewis St, and Peach St for the Matagorda Water System Improvements project.
Construction shall take place in Matagorda County at Elm St to 11th St for the Blessing Elm and 11th St Water Line Improvements project.

Activity Description:

Matagorda County shall replace sewer lines, rehabilitate manholes, replace the sludge tank, and complete associated appurtenances for the Markham Sewer System Improvements project.
Matagorda County shall construct a new wasterwater treatment plant and main lift station, and complete associated appurtenances for the Midfield Sewer System Improvements project.
Matagorda County shall install a new tank, aur compressors, meters, pumps, and pipes, replace electrical controls, construct a disinfection room, install new plant controls, and complete associated appurtenances for the Matagorda Water System Improvements project.
Matagorda County shall replace water lines, install fire hydrants, and complete associated appurtenances for Blessing Elm and 11th St Water Line Improvements project. This activity meets the low-to moderate- income national objective through the use of surveys for the Midfield Sewer System Improvements project and Blessing Elm and 11th St Water Line Improvements project, and through the use of city-wide ACS 2020 LMISD with the State Median Income (SMI) waiver applied. This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. Please see the documents tab for the source data of the services areas.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Oakwood, City of	Local Government	$ 500,000.00

Location Description:

Construction shall take place in the City of Oakwood at the Main Lift Station (27537 FM 542) for the Oakwood Citywide sewer improvements project.
Construction shall take place at the Walston Well southwest of North Oliver Street and Walston Street, the Broad Street Well at 123 Broad Street, and City Hall at 135 Broad Street.

Activity Description:

1. The City of Oakwood shall replace pumps, upgrade lift station structure, upgrade electrical and control panel components, and complete associated appurtenances for the Oakwood Citywide Sewer Improvements project.
The City of Oakwood shall install SCADA systems and controls, install generator on a concrete pad, install a propane tank, modify electrical, and complete associated appurtenances for the Oakwood Citywide Water Improvements project.
2. This activity consists of projects with the same service areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from the service area.
3. This activity meets the low- to moderate-income national objective using the City-Wide ACS 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for all projects.
Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Bastrop County	Local Government	$ 2,650,620.00

Location Description:

Construction shall take place in Bastrop County at Webster/North St, Harper St, Bruner Blvd and Drainage Channel west of Washington St for the Detention Pond Drainage Improvements (Smithville) project.
Construction shall take place in Bastrop County at Ranchette St for the Ranchette Street Drainage Improvements project.
Construction shall take place in Bastrop County at Cardinal Dr for the Cardinal Drive Drainage Improvements project.

Activity Description:

Bastrop County shall remove existing drainage structures, excavate pond, install culverts, headwalls, clear, enlarge and regrade channel, repair pavement, relocate utilities, and complete associated appurtenances for the Detention Pond Drainage Improvements (Smithville) project.
Bastrop County shall excavate, install embankment, culverts, wingwalls, guardrail and riprap, remove and replace pavement, and complete associated appurtenances for the Ranchette Street Drainage Improvements project.
Bastrop County shall remove headwalls and pipe, install embankment, culverts, wingwalls and riprap, remove and replace pavement, and complete associated appurtenances for the Cardinal Drive Drainage Improvements project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS FY-2021 LMISD for the Smithville Drainage Improvements project and through surveys for the Ranchette Street Drainage Improvements and Cardinal Drive Drainage Improvements projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
BANDERA, COUNTY OF	Local Government	$ 1,317,100.00

Location Description:

Construction shall take place in Bandera County at Vanderpool Tower, Pipe Creek Tower, Micro Tower, Bandera Mountain Tower, and Medina Tower for the Bandera County Repeater Boxes Upgrade project.

Activity Description:

Bandera County shall install repeater boxes on existing communication towers and complete associated appurtenances for the Bandera County Repeater Boxes Upgrade project.

This activity meets the low- and moderate-income national objective using the County-Wide ACS 2015 LMISD with the State Median Income (SMI) waiver applied. Bandera County is a HUD Exception Grantee. Their LMI Threshold is 41.63%. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF NAVASOTA	Local Government	$ 996,400.00

Location Description:

Construction shall take place in the City of Navasota. Construction shall take place along Foster Street, Levy Street, and Louise Street for both the Sewerline Improvements and Waterline Improvements projects.

Activity Description:

Sewer Facilities
The City of Navasota shall install sewer line; fire hydrant; pavement repair; and complete associated appurtenances for the Sewerline Improvements project.
Water Facilities
The City of Navasota shall install water line; fire hydrant; pavement repair; and complete associated appurtenances for the Waterline Improvements project.
This activity consists of projects with the same service areas. The projects are as follows, Sewerline Improvements project and Waterline Improvements project. The projected beneficiaries in the Measures tab tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using surveys for both projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Milam County	Unknown	$ 3,384,500.00

Location Description:

Construction for the CR 240 Improvments project shall take place in Milam County along CR 240 from FM 485 southward.
Construction for the CR 342 Improvments project shall take place in Milam County along CR 342 from State Hwy 36 eastward.
Construction for the CR 306 Improvments project shall take place in Milam County along CR 306 from US Hwy 79 north-northeast.
Construction for the CR 215 Improvments project shall take place in Milam County along CR 215 from FM 486 eastward.

Activity Description:

1. Milam County shall rework and stabilize subgrade, install base and pavement, and complete associated appurtenances for the CR 240 Improvements street improvements project.
Milam County shall rework and stabilize subgrade, install base and pavement, and complete associated appurtenances for the CR 342 Improvements street improvements project.
Milam County shall rework and stabilize subgrade, install base and pavement, and complete associated appurtenances for the CR 306 Improvements street improvements project.
Milam County shall rework and stabilize subgrade, install base and pavement, and complete associated appurtenances for the CR 215 Improvements street improvements project.
2. This activity consolidates the distinct service areas of the all previously named projects into one reportable service area. The projected beneficiaries in the Measure tab represent "Total Number of Persons" to benefit from all projects' service areas.
3. This activity meets the low- to moderate-income national objective through surveys.
Please see the Documents tab for beneficiary documentation.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Karnes, County of	Local Government	$ 1,096,993.50

Location Description:

Construction shall take place in Karnes County. Construction shall take place at County Road 184 for the CR 184 Improvements project. Construction shall take place at County Road 207 for the CR 207 Improvements project.

Activity Description:

Karnes County shall acquire land; remove bridge and culverts; grade channel; install culverts, headwalls, aprons and erosion controls; relocate utilities; remove and replace road and complete associated appurtenances for the CR 184 Improvements project.
Karnes County shall acquire land; remove bridge and culverts; grade channel; install culverts, headwalls, aprons and erosion controls; relocate utilities; remove and replace road, and complete associated appurtenances for the CR 207 Improvements project.
This activity consolidates the distinct service areas of each of the following projects into one total reportable area, two Flood and Drainage projects, CR 184 Improvements project, and CR 207 Improvements project. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using surveys. Please see the Documents tab for a detailed breakout of each individual service area.

LEXINGTON, CITY OF	Local Government	$ 1,967,500.00

Location Description:

Construction shall take place in the City of Lexington. Construction shall take place at Algae Control Equipment for the Sewer Facilities project and at the Elevated Storage Tank for the Water Improvements project.

Activity Description:

Sewer Facilities
The City of Lexington shall install algae control equipment, solids control baffle, and electrical and complete associated appurtenances for the Algae Control Equipment Project.
Water Facilities
The City of Lexington shall install splash pad, elevated storage tank, interior and exterior coating systems, pipe, lighting, and SCADA system and complete associated appurtenances for the Elevated Storage Tank project.
This activity consists of projects with the same service areas. The projects are as follows, Algae Control Equipment project and Elevated Storage Tank project. The projected beneficiaries in the Measures tab tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using the City-Wide ACS FY-2021 LMISD for both projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
COUNTY OF ATASCOSA	Local Government	$ 1,505,200.00

Location Description:

Construction shall take place in Atascosa County along River Oaks Drive.

Activity Description:

Atascosa County shall acquire easement; remove and replace culverts; install headwalls and riprap; replace roadway and sidewalk, and complete associated appurtenances for the River Oaks Drive Culvert Upgrades project. This activity meets the low- and moderate-income national objective using surveys River Oaks Drive Culvert Upgrades project. Atascosa County is a HUD Exception Grantee. Their LMI threshold is 47.51%. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Washington County	Unknown	$ 1,119,800.00

Location Description:

Construction shall take place in Washington County along Meyersville Road for the Meyersville Road Bridge Drainage Improvements project.

Activity Description:

Washington County shall remove and replace bridge; construct an embankment; install pipe; remove and replace road; and complete associated appurtenances for the Myersville Road Bridge Drainage Improvements project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2021 LMISD for the above project. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Jewett	Local Government	$ 500,000.00

Location Description:

Construction shall take place in the City of Jewett. Construction shall take place at Jewett Wastewater Treatment Plant for the Jewett Sewer Facility Improvements project. Construction shall take place along South Broadway Street for the South Broadway Street Improvements project. Construction shall take place along Oakwood Street for the Oakwood Street Improvements project.

Activity Description:

Sewer Facilities
The City of Jewett shall improve oxidation ditch, and complete associated appurtenances for the Jewett Sewer Facility Improvements project.
Street Improvements
The City of Jewett shall reconstruct roadway; pave road; and complete associated appurtenances for the South Broadway Street Improvements project.
The City of Jewett shall reconstruct roadway; pave road; and complete associated appurtenances for the Oakwood Street Improvements project.
This activity consists of projects with the same service areas. The Sewer projects are as follows, Jewett Sewer Facility Improvements project, and the Street Improvements projects, South Broadway Street Improvements project and Oakwood Street Improvements project. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using the City-Wide ACS FY-21 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above projects. The City of Jewett is a HUD Exception Grantee. Their LMI threshold is 49.37%. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Bee, County of	Local Government	$ 2,422,294.00

Location Description:

Construction shall take in Bee County northwest of the intersection of North Commerce St and North St, and north of North St between US HWY 181 and North Commerce St for the Pettus MUD Water Improvements project.
Construction shall take place in Bee County at Patience St, Cotton St, Natoma St, Water Treatment Plant at 314 FM 796, 4th St, and Avenue F for the Tynan WSC Water Improvements project.
Construction shall take place in Bee County at 10375 US HWY 181 for the Pettus MUD Sewer Improvements proejct.
Construction shall take place in Bee County at Avenue G and Tynan WWTP northwest of intersection of FM 796 and TX State HWY 359 for the Tynan WSC Sewer Improvements project.

Activity Description:

Bee County shall acquire land; install water well, disinfection system, generators, pipe, electrical, access road, and complete associated appurtenances. for the Pettus MUD Water Improvements.
Bee County shall install chlorination system and pumps; replace fire hydrants; and complete associated appurtenances for the Tynan WSC Water Improvements project.
Bee County shall install lift station pumps, generator, and complete associated appurtenances for the Pettus MUD Sewer Improvements Project.
Bee County shall improve clarifier, aeration system and lift station; install chlorination system, controls; and complete associated appurtenances for the Tynan WSC Sewer Improvements project.
This activity consolidates the distinct service areas of each of the following projects into one total reportable area; Pettus MUD Water and Sewer Improvements projects and Tynan WSC Water and Sewer Improvements projects. The projected beneficiaries in the measure tab represent the total number of persons to benefit from all projects' service area. This activity meets the low- and moderate-income national objective using surveys for the Pettus MUD projects and through using City-Wide ACS 2015 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Tynan WSC projects.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
KINGSVILLE, CITY OF	Local Government	$ 3,946,500.00

Location Description:

Construction shall take place in the City of Kingsville at North WWTP and South WWTP for the Citywide Wastewater improvements project, and South EST, GST #24 Replacement and East EST, GST #21, and West EST for the Citywide Water Projects.

Activity Description:

Sewer Facilities
The City of Kingsville shall demolish and replace pumps and ultraviolet systems, install controls, and complete associated appurtenances for the Citywide Wastewater Improvements project.
Water Facilities
The City of Kingsville shall remove and replace ground storage tank, renovate exteriors and interiors of elevated storage tanks, install mixer and disinfection systems, and complete associated appurtenances for the Citywide Water project.
This activity consists of projects with the same service areas. The projects are as follows, Citywide Wastewater Improvements project and Citywide Water project. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using City-Wide ACS 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Walker County	Unknown	$ 4,731,250.00

Location Description:

Construction shall take place in Walker County. Construction shall take place at the Walker County Storm Shelter for the Walker County Emergency Shelter Renovation project. Construction shall take place along Roberts Road for the Precinct 2 Roberts Road Reconstruction project. Construction shall take place along Horace Smith Road for the Precinct 1 Horace Smith Road Reconstruction project. Construction shall take place within Forgotten Forest Subdivision for the Precinct 4 Forgotten Forest Drainage Improvements project.

Activity Description:

Public Facilities
Walker County shall build storage building; install emergency lighting; and complete associated appurtenances for the Walker County Emergency Shelter Renovation project.
Street Improvements
Walker County shall remove, replace and stabilize road base; pave road; and complete associated appurtenances for the Precinct 2 Roberts Road Reconstruction project and Precinct 1 Horace Smith Road Reconstruction project.
Flood and Drainage
Walker County shall regrade and line ditch; improve drainageway; replace culverts; and complete associated appurtenance for the Precinct 4 Forgotten Forest Drainage Improvements project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using the County-Wide ACS 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
ALICE, CITY OF	Local Government	$ 4,715,300.00

Location Description:

Construction shall take place in the City of Alice. Construction shall take place at West Elevated Storage, North Elevated Water Tower, South Elvated Storage Tank, Lake Findley Pump Station, and Alice Water Treatment Plant for the City of Alice Water System Improvements project. Construction shall take place at the Alice Police Department and Alice Fire Department for the City of Alice Public Services System Improvements project. Construction shall take place at the Northeast WWTP and South WWTP for the City of Alice Wastewater System Improvements project.

Activity Description:

Water Facilities
The City of Alice shall renovate water storage tank; repair, improve and upgrade the water treatment plant; install generator and bridge; and complete associated appurtenances for City of Alice Water System Improvements project.
Public Facilities
The City of Alice shall install communication repeaters and generator, and complete associated appurtenances for the City of Alice Public Services System Improvements project.
Sewer Facilities
The City of Alice shall install fence and roads, and complete associated appurtenances for the City of Alice Wastewater System Improvements project.
This activity consolidates the service areas of each of the following projects into one reportable area that does not double count overlapping areas, one Water Facilities project, City of Alice Water System Improvements, one Public Facilities, City of Alice Public Service System Improvements, and one Sewer Facilities project, City of Alice Wastewater System Improvements. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using City-Wide ACS FY-2021 LMISD. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
City of Giddings	Local Government	$ 1,686,800.00

Location Description:

Construction shall take place in the City of Giddings.
Construction shall take place along West Boundary Street/West Crockett Street, west Crockett Street, North Jaegar Street/David Lane, North Williamson Street #1, North Ellise Street, West Calvert Street/North Caldwell Street, North Waco Street #1, North Williamson Street #2, West Bryan Street, North Dallas/West Washington Street/North Ellis, North Navarro Street, North Waco Street #2, North Dallas Street/West Houston Street for the Curb and Gutter Installation project.
Construction shall take place at the Generator for Water Well #12 for the Generator for Water Well #12 project.
Construction shall take place at East Austin Street Siren #1, West Giddings Siren, East Austin Street Siren #2, Leon Street Siren, and North Giddings Siren for the Siren Emergency Alert System project.

Activity Description:

Flood and Drainage
The City of Giddings shall install curb and gutter; grade; and complete associated appurtenances for the Curb and Gutter Installation project.
Water Facilities
The City of Giddings shall install a generator, and complete associated appurtenances for the Generator for Water Well #12 project.
Public Facilities
The City of Giddings shall install poles, sirens and antennas, and complete associated appurtenances for the Siren Emergency Alert System project.
This activity consists of projects covering the same service areas. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using the City-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for all above projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF COLLEGE STATION	Local Government	$ 350,000.00

Location Description:

Construction shall take place at the Lincoln Recreation Shelter of Last Resort and the Bob and Wanda Meyer Shelter of Last Resort for the Back-Up Generators at Lincoln Recreation Shelter of Last Resort and Meyer Shelter of Last Resort Projects. Construction shall take place at Flasher Location 1-3, along Holleman Dr E, Southwood Dr bridge, and Glade St bridge for the Early Flood Warning System Pilot Project.

Activity Description:

The City of College Station shall install generators and complete associated appurtenances for the Back-Up Generators at Lincoln Recreation Shelter of Last Resort and Meyer Shelter of Last Resort Project.
The City of College Station shall install stormwater gauges and warning beacons and complete associated appurtenances for the Early Flood Warning System Pilot Project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas.
This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Back-Up Generators at Lincoln Recreation Shelter of Last Resort and Meyer Shelter of Last Resort project and Early Flood Warning System Pilot Projects.
Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Point Comfort City Hall	Local Government	$ 663,200.00

Location Description:

Construction shall take place in the City of Point Comfort at Point Comfort Water Treatment Plant at Julia Lane for the Water Treatment Plant Improvements project.

Activity Description:

The City of Point Comfort shall improve water treatment plant, including constructing or retrofitting water reservoir, constructing basins, filters, and new well, removing and replacing chemical storage, chemical feed equipment, and pumps, repairing recovery basin, and completing associated appurtenances for the Water Treatment Plant Improvements project. This activity meets the low- and moderate-income national objective using surveys.

Responsible Organization	Organization Type	Proposed Budget
Todd Mission, City of	Local Government	$ 1,277,000.00

Location Description:

Construction shall take place in the City of Todd Mission at Todd Mission Water Facilities Improvements project.

Activity Description:

The City of Todd Mission shall construct a new water plant consisting of a water well, ground storage tank, booster pumps, pressure tank, and generator and shall complete associated appurtenances for the Todd Mission Water Facilities Improvements project. This activity meets the low- and moderate-income national objective using City-Wide ACS FY-2021 LMISD with the State Median Income waiver applied for the Todd Mission Water Facilities Improvements project. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Iola, City Of	Local Government	$ 674,800.00

Location Description:

Construction shall take place in the City of Iola at Wastewater Treatment Plant for the City of Iola Wastewater Improvements project and along North of Main Street and South of Main Street for the First Time Sewer Connections project.

Activity Description:

The City of Iola shall construct a new Wastewater Treatment Plant, including basins, equipment, electrical, controls, and fencing, and complete associated appurtenances for the City of Iola Wastewater Improvements project. The City of Iola shall connect LMI households to the newly constructed sewer system, mitigate the existing onsite septic systems, and complete associated appurtenances for the First Time Sewer Connections project. This activity consists of projects with the same service areas. The projects are as follows, City of Iola Wastewater Improvments project and First Time Sewer Connections project. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service area. This activity meets the low- and moderate-income national objective using surveys for both projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Lee, County of	Local Government	$ 2,548,800.00

Location Description:

Construction shall take place in Lee County at Stewart St, Woods St, Knox St, Guy M Bryan Dr, Stephen F Austin Ave, Bowers St, Kocurek St/Cushing St, County Rd 424, Morgan St, and Stayton Ave for the Lee County Dime Box project.
Construction shall take place in Lee County at County Rd 426 and County Rd 429 for the CR 426/CR 429 project.
Construction shall take place in Lee County at Post Oak Dr for the Post Oak Dr Culvert Bridge project.

Activity Description:

Lee County shall remove and replace pavement and complete associated appurtenances for the Lee County Dime Box project.
Lee County shall remove and replace pavement and complete associated appurtenances for the CR 426/CR 429 project.
Lee County shall acquire property, regrade creek, remove and install bridge, box culverts, headwalls, riprap, guardrails, and bridge rails, pave, and complete associated appurtenances for the Post Oak Dr Culvert Bridge project.
This activity consolidates the service areas of each of the above projects into one reportable area that does not double count overlapping areas. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects without duplicating the same beneficiaries from overlapping project service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2015 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the Lee County Dime Box project and through the use of surveys for the other projects. Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
County of Jim Wells	Local Government	$ 4,748,346.00

Location Description:

Construction shall take place in Jim Wells County at County Road 3831, and County Road 382/383 for the Precinct 3 Meadow Ridge/Oak Meadow Waterline Extension project.
Construction shall take place in Jim Wells County at County Road 117/111 Easement for the Precint 1 CR 117 and CR 111 Waterline Extension project.
Construction shall take place in Jim Wells County at County Road 465/466, County Road 467, County Road 468, and County Road 469 for the Precinct 4 Green Acres Drainage project.
Construction shall take place in Jim Wells County at San Fernando Creek Crossing for the Precinct 1 San Fernando Creek Crossing CR 117 Drainage project.

Activity Description:

Jim Wells County shall acquire land, install waterline, fire hydrants, services, and meters, repair driveways and pavement, and complete associated appurtenances for the Precinct 3 Meadow Ridge/Oak Meadow Waterline Extension project.
Jim Wells County shall acquire land, install waterline, fire hydrants, services, and meters, and complete associated appurtenances for the Precinct 1 CR 117 and CR 111 Waterline Extension project.
Jim Wells County shall acquire land, install pipe, outlets and culverts, regrade ditches, repair driveways and streets, and complete associated appurtenances for the Precinct 4 Green Acres Drainage project.
Jim Wells County shall acquire easement, remove and replace culverts, install headwalls, wingwalls, guardrail and fence, pave, and complete associated appurtenances for the Precinct 1 San Fernando Creek Crossing CR 117 Drainage project.
This activity consolidates the distinct service areas of each of the following projects into one total reportable area, Precinct 3 Meadow Ridge/Oak Meadow Waterline Extension, and Precinct 4 Green Acres Drainage projects. The service area for the Precinct 1 San Fernando Creek Crossing CR 117 Drainage project is within the service area for the Precinct 1 CR 117 and CR 111 Waterline Extension project and does not double count beneficiaries. The projected beneficiaries in the Measures tab represent the “Total Number of Persons” to benefit from the service areas. This activity meets the low- and moderate-income national objective using surveys. Please see the documents tab for the source data of the service areas.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Coryell County	Local Government	$ 1,857,091.03

Location Description:

Construction shall take place in Coryell County.
Construction shall take place along Bald Knob Road for the Bald Knob Road project.
Construction shall take place along Shady Lane for the Shady Lane Culvert Replacement project.
Construction shall take place along East Avenue B/North 4th Street for the East Avenue B Storm Drain Improvements project.

Activity Description:

Coryell County shall remove roadway; excavate channel; install arch; replace roadway; and complete associated appurtenances for the Bad Knob Road project.
Coryell County shall remove and replace culverts; excavate channel; install arch; adjust and relocate utilities; pave; and complete associated appurtenances for the Shade Lane Culvert Replacement project.
Coryell County shall install drainpipe and inlets; adjust utilities; pave; and complete associated appurtenances for the East Avenue B Storm Drain Improvements project.
This activity consolidates the distinct service areas for the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS FY 2021 LMISD for the above projects. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CALDWELL, CITY OF	Local Government	$ 892,100.00

Location Description:

Construction shall take place in the City of Caldwell.
Construction shall take place at Old San Antonio Road Lift Station at 191’ northeast of the intersection of East Osr and North Shaw Street for the Old San Antonio Road Lift Station Project.
Construction shall take place at CR 300 Water Plant 354 at County Road 300 for the County Road 300 Water Plant Project,.
Construction shall take place at Caldwell Industrial Park Detention Basin at 780’ northeast of the intersection of Industrial Boulevard and West Old San Antonio Road in the City of Caldwell for the Caldwell Industrial Park Detention Basin Project.

Activity Description:

The City of Caldwell shall install a generator and complete associated appurtenances for the Old San Antonio Road Lift Station Project. This activity meets the low- and moderate-income national objective using surveys.
The City of Caldwell shall install a generator and complete associated appurtenances the County Road 300 Water Plant Project. This activity meets the low- and moderate-income national objective using City-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the County Road 300 Water Plant project.
The City of Caldwell shall excavate and construct a detention basin; remove and replace pipe and culvert; remove headwall; install outlet control structure; repair pavement; and complete associated appurtenances for the Caldwell Industrial Park Detention Basin Project. This activity meets the low- and moderate-income national objective using surveys.
This activity consolidates the distinct service areas for the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Laward, City of	Local Government	$ 778,100.00

Location Description:

Construction shall take place in the City of La Ward.
Construction shall take place at the Pump Enclosure northwestward of the intersection of Texas State Highway 172 and Farm to Marker Road 616, Galveston Street Pump Enclosure, and Rio Grande Pump Enclosure for the La Ward - Waste Water Lift Station Pump Improvements project.
Construction shall take place at Water Plant Improvements on Texas State Highway 172 for the La Ward Water Plant Improvements project.

Activity Description:

The City of La Ward shall install backup pump enclosures and complete associated appurtenances for the La Ward - Waste Water Lift Station Pump Improvements project.
The City of La Ward shall construct water well, install pressure tank, booster pump station, ground storage tank, piping and fittings, and disinfection building, and complete associated appurtenances for the La Ward Water Plant Improvements project.
This activity meets the low- and moderate-income national objective using City-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above projects. The City of La Ward is a HUD Exception Grantee. Their LMI threshold is 44.84%.
Please see the Documents tab for a detailed breakout of each individual service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Colorado, County of	Local Government	$ 492,431.19

Location Description:

Construction for the Glidden Water Supply project shall take place in Colorado County along Glidden Waterline Alley from Clayborne Street eastward to FM 2434 between Thelma and Henry Streets, and Glidden Well 2 Generator at 305 Taylor Street, Glidden Well 3 Generator at 137 Clayborne Street, and Glidden PWS Tanks at 200 Clayborne Street.
Construction for the Barten Water Improvements project shall take place in Colorado County at Columbus Barten WSC at 1014 Barten Road.

Activity Description:

1. Colorado County shall install generators with foundations; water lines; blast and recoat water supply tanks, and complete associated appurtenances for the Glidden Water Supply project.
Colorado County shall install a water well; ground storage tank; pipe; electrical service, and complete associated appurtenances for the Barten Water Improvments project.
Colorado County Shall replace sewer pipes and complete associated appurtenances for the Glidden Sewer-Shirley Oaks project.
2. This activity consolidates the overlapping service areas of the following projects into one total reportable area that does not doublecount beneficiaries in overlapping areas: Glidden Water Supply, a water improvements project; Barten Water Improvements, a water improvements project; and Glidden Sewer-Shirley Oaks project, a sewer improvements project. The projected beneficiearies in the Measure tab represent the "Total Number of Persons" to benefit from all projects' service areas.
3. This activity meets the urgent need national objective using a) Census Tract and Block Group ACS 2021 LMISD with the State Standardized Area median Income (SMI) for the Glidden Water Supply project, b) surveys for the Barten Water Improvements project, and c) surveys for the Glidden Sewer-Shirley Oaks project.
Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
CITY OF CENTERVILLE	Local Government	$ 167,533.32

Location Description:

Construction for the Polk St Sewer Improvements project shall take place in the City of Centerville at Polk St and Jefferson St.

Activity Description:

The City of Centerville shall replace sewer lines, install manholes, reconnect services, repair roadways, and complete associated appurtenances for the Polk St Sewer Improvements. This activity meets the low- and moderate-income national objective through the use of surveys.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Bastrop County	Local Government	$ 1,711,980.00

Location Description:

Construction shall take place in Bastrop County at Karisch Road for the Karisch Road Drainage project.
Construction shall take place in Bastrop County at Kaanapali Lane for the Kaanapali Lane Drainage Improvements project.

Activity Description:

Bastrop County shall excavate, install embankment, gabion baskets, guardrail, and complete associated appurtenances for the Karisch Road Drainage project.
Bastrop County shall excavate, install embankment, culverts, wingwalls, riprap and guardrail, remove and replace pavement, and complete associated appurtenances for the Kaanapali Lane Drainage Improvements project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2015 LMISD for the Kaanapali Lane Drainage Improvements project and through surveys for the Karisch Road Drainage project. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
GUADALUPE COUNTY	Local Government	$ 1,157,091.16

Location Description:

Construction shall take place in Guadalupe County. Construction will take place at Pioneer Road for the Pioneer Road @ Cotonwood Creek South project and at Laubach Road for the Laubach Road @ Geronimo Creek Tributary 6 project.

Activity Description:

Guadalupe County remove and replace culverts; install headwalls; relocate utilities; remove and replace roadway; and complete associated appurtenances for the Pioneer Road @ Cotonwood Creek South project. Guadalupe County shall remove and replace culverts; install headwalls; relocate utilities; remove and replace roadway; and complete associated appurtenances for the Laubach Road @ Geronimo Creek Tributary 6 project.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Coryell County	Local Government	$ 1,527,408.97

Location Description:

Construction shall take place in Coryell County along County Road 274 for the CR 274 Low Water Crossing project.

Activity Description:

Coryell County shall remove bridge and roadway; excavate channel; install arch; replace roadway; and complete associated appurtenances for the CR 274 Low Water Crossing project. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS FY 2021 LMISD with the State Standardized Area Median Income (SMI) waiver applied for the above project. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Edna, City of	Local Government	$ 200,000.00

Location Description:

Construction shall take place in the City of Edna at the Communications Tower at 552 Gandy Bend Road for the Jackson County Communications Infrastructure project.

Activity Description:

The City of Edna shall acquire land, construct a tower, install communications equipment,¿generator, generator shelter, and electricals, and complete associated appurtenances for the Jackson County Communications Infrastructure project. This activity meets the urgent need national objective using County-Wide ACS 2020 LMISD with the State Standardized Area Median Income (SMI) waiver applied. .Jackson County and City of Edna are HUD Exception Grantees. Their LMI threshold is 44.84%. Please see the documents tab for the source data of the service area.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
IVANHOE, CITY OF	Local Government	$ 7,944,092.82

Location Description:

Construction shall take place in the City of Ivanhoe. Street Improvements will take place at Region 1- Street Improvements (Site 32), Region 2- Street Improvements (Sites 28,29&33), and Region 4- Street Improvements (Sites6). Flood and Drainage Improvements will take place at Region 1- Flood and Drainage (Sites 13,14, & 15), Region 2- Flood and Drainage (Sites 26, 27, 30, & 31), Region 3- Flood and Drainage (Sites 19, 21, & 22), and Region 4- Flood and Drainage (Sites 7,8,12, &37).

Activity Description:

Street Improvements
The City of Ivanhoe shall repair, reconstruct, and elevate driving surface, and complete all associated appurtenances.
Flood and Drainage
The City of Ivanhoe shall replace undersized culverts, repair undersized roadside ditches, repair earthen spillways, and complete all associated appurtenances.
These activities will meet the low to moderate income national objective.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
RICHMOND, CITY OF	Local Government	$ 7,647,605.00

Location Description:

Construction shall take place in the City of Richmond. Flood and drainage improvements will take place at Rabbs Bayou, and North 2nd Street. Sewer facilities improvements will take place at North 2nd Street Lift Station, North 7th Street Lift Station, and Greenwood Lift Station.

Activity Description:

Flood and Drainage
City of Richmond shall elevate streets and improve underground water flow, construct a detention pond, and complete all associated appurtenances.
Sewer Facilities
City of Richmond shall relocate or elevate lift stations and complete all associated appurtenances.
These activities will meet the low to moderate income national objective.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Bastrop County	Local Government	$ 855,352.11

Location Description:

Construction shall take place in Bastrop County. Street Improvements will take place at Caldwell Road - Road and Culverts, Tuck Street - Road and Culverts, and Lakeview Drive Diversion Channel - Road and Culverts. Flood and Drainage Facilities will take place at Caldwell Road - Secondary Channel.

Activity Description:

Street Improvements
Bastrop County shall repair and reconstruct the driving surface, applying asphalt and striping of the street, and complete all associated appurtenances.

Flood and Drainage
Bastrop County shall extend the existing secondary channel to prevent street erosion, and complete associated appurtenances.

These activities will meet the low to moderate income national objective.

Planning activities shall take place in the City of Granjeno.

Activity Description:

Building Codes
The City of Granjeno shall develop, adopt, and implement building codes that foster a greater degree of resiliency by meeting or exceeding the International Residential Code 2012.
Flood Damage Prevention Ordinance
The City of Granjeno shall develop, adopt, and implement flood damage prevention ordinances or equivalent enforcement mechanisms that foster a greater degree of community resilience to flood damage caused by future disasters. Each Flood Damage Prevention Ordinance developed and adopted must mandate construction at least two (2) feet above base flood elevation (BFE), as determined by the Federal Emergency Management Agency.
Comprehensive Plan
The City of Granjeno shall develop and adopt a Comprehensive Plan that must include, at a minimum, the following elements for all base studies:

- Identification of local hazard risk(s), aligning with the local hazard mitigation plan, if one exists.
- Population study providing an estimate of the current population and projection for population increase over the next 20 years.
- Housing study describing the composition of the existing housing stock and a projection for the number of future housing units needed ten years from the date of the plan, including the composition of said units.
- Land Use Plan or study that formalizes long-term community goals into governing policies describing the land use of every parcel within the jurisdiction and including a future land use map that accounts for future population changes.
- Infrastructure study that describes the water, wastewater, drainage, and streets systems, including length, width, materials, and condition or age (if available), as well as a capital improvement plan with proposed prioritized improvements to those systems.
- Additional studies (e.g., environmental, economic, etc.) may also be included.
- Zoning Ordinance(s), or similar governing regulation(s) or code provision(s), to support the adoption of the Comprehensive Plan.

CITY OF FLORESVILLE | Local Government | $ 200,000.00

Location Description:

Planning studies project shall take place within the City of Floresville.

Activity Description:

The City of Floresville shall conduct the following Planning Activities according to the requirements set forth below and in the RCP Application Guide. The City of Floresville's planning Activities performed under this Contract will result in the development and formal adoption by Subrecipient of plans, codes, and/or ordinances. The City of Floresville shall develop and adopt a Land Use Plan that formalizes long-term community goals into governing policies that determine future land use and the location and types of structures that may be built within a given jurisdictional area. The Land Use Plan shall contain, at a minimum, the following elements, an integration of relevant portions of an applicable local hazard mitigation plan, if one exists, identification of local hazard risks, explanation of how the plan mitigates the identified local hazard risks, additional studies (e.g., environmental, economic, etc.) may also be included, and zoning Ordinance(s) or equivalent enforcing regulation(s) or code provision(s).

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Harris, County	Local Government	$ 8,250,000.00

Location Description:

Construction shall take place in Harris County at the intersection at Barker Cypress Rd and Fieldglen Dr for the Barker Northglen Evacuation Signals and Evacuation Route Improvements project.
Construction shall take place in Harris County at the Intersection at Eldridge Parkway and Beechnut Street, Intersection of Bissonnet Road and Eldridge Parkway, Intersection of Bellaire Boulevard and Tres Lagunas Drive, Intersection of Alief Clodine Road and Metro Boulevard, Intersection of Bellaire Boulevard and Howell Sugarland Road, Intersection of Howell Sugarland Road and Pavillion Point, Intersection of Howell Sugarland Road and Empanada Drive, Intersection of Howell Sugarland Road and Beechnut Street, Intersection of Howell Sugarland Road and Rio Bonito Road, Intersection of Alief Clodine Road and Howell Sugarland Road, and Intersection of Beechnut Street and Hemlock Drive for the Alief Evacuation Signal and Evacuation Route Improvements project.

Activity Description:

Harris County shall install one traffic signal employing Intelligent Transportation System technologies which will include installation of a pole, signla head, controller with battery backup along with pedestrian crossings and curb drainage improvements, and complete associated appurtenances for the Barker Northglen Evacuation Signals and Evacuation Route Improvements project.
Harris County shall install traffic signals employing Intelligent Transportation System technologies which will include installation of poles, signal heads, controllers with battery backup, along with pedestrian crossings and curb drainage improvements, and complete associated appurtenances for the Alief Evacuation Signals and Evacuation Route Improvements project.
This activity consolidates the distinct service areas of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- to moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD for both projects.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
Harris, County	Local Government	$ 160,695,989.00

Location Description:

Construction for the Pine Trails Subdivision Drainage Improvements project shall take place in Harris County at Pine Trails Detention Basins 1 and 2, and Pine Trails Drainage Improvement Sites Phases 1 through 6.
Construction for the North Forest Subdivision Drainage Improvements project shall in Harris County at North Forest Drainage Improvments and at the North Forest Detention Pond.
Construction for the Ralston Acres Subdivision project shall take place in Harris County at the North Detention Pond, South Detention Pond, John Ralston Road, and Ralston Acres.
Construction for the Barwood Subdivision Drainage Improvements project shall take place in Harris County at the Barwood Subdivision from the intersection of Barrow Lane and Advance Drive to the intersection of Channel E132-00-00 and Pantano Drive, and along Barwood Aste Lane.
Construction for the Tower Oaks Meadows Subdivision Drainage Improvements project shall take place in Harris County at the Tower Oaks Meadows Subdivision from northwest of the intersection of Marrs Dr and Dakar Dr to the eastern end of Dakar Drive and the intersection of Foxboro Dr and Channel 132-00-00.
Construction for the Chimney Rock Road and Anderson Park Drainage Improvements project shall take place in Harris County at Chimney Rock Rd and Anderson Park.

Activity Description:

1. Harris County shall construct two stormwater detention ponds and improve existing drainage system for the Pine Trails Subdivision Improvements project. Construction for detention basins will include excavation, concrete slop paving, pilot channel, headwall and interceptor structions, and access road. Drainage system construction shall include installing reinforced concrete pipes and boxes, junction boxes, manholes, inlets, and associated pavement grading and repair. Harris County shall complete all associated appurtenances for the Pine Trails Subdivision Drainage Improvements project.
Harris County shall construct a detention basin and install drainage improvements to include cross sloping of roadways and sidewalks, replacement and upsizing of storm sewer reinforced concrete pipes and boxes installing inlets, junction boxes, and manholes. Construction of detention basin shall include excavation, inflow and outflow pipes, concrete slab and access path, and completion of all associated appurtenances for the North Forest Subdivision Drainage Improvements project.
Harris County shall construct two detention basins and install drainage improvements which include, re-sloping roadways, ditch regrading, cross culvert, outfalls, culvert and driveway replacement, junction boxes, manholes, and inlets along with a closed sewer system and shall complete all associated appurtenances for the Ralston Acres Subdivision project.

Harris County shall construct drainage improvements including replacing and upsizing existing storm sewers; installing box culverts, drainage inlets, and junction boxes; and completing all associated appurtenances for the Barwood Subdivision Drainage Improvements project.
Harris County shall install drainage improvements including installation of a storm sewer system; regrading of roadside ditches, roadways, and sidewalks; and completing associated appurtenances for the Tower Oaks Meadows Subdivision Drainage Improvements project.
Harris County shall reconstruct the street along the Chimney Rock Road and install concrete boxes beneath the roadway for stormwater runoff conveyance. Harris County shall also construct an above-ground detention basin implementing bioswales and grading and complete associated appurtenances for the Chimney Rock Road and Anderson Park Drainage Improvements project.
2. This activity consolidates the distinct service areas of the following projects into one total reportable area: Pine Trails Subdivision Drainage Improvements, North Forest Subdivision Drainage Improvements, Ralston Acres Subdivision, Barwood Subdivision Drainage Improvments, Tower Oaks Meadows Subdivision Drainage Improvments, and Chimney Rock Road and Anderson Park Drainage Improvements projects. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas.
3. This activity meets the low- to moderate-income national objective using Census Tract and Block Group ACS 2015 LMISD for the Pine Trails Subdivision Improvements project and surveys for the remaining projects.

Responsible Organization	Organization Type	Proposed Budget
HARRIS COUNTY FLOOD CONTROL	Local Government	$ 189,272,049.95

Location Description:

Construction shall take place in Harris County at P118-23-02 and P118-23-00 Channel Improvements, P518-23-01, P518-23-02, and P518-23-04 for the Channel Conveyance Improvements and Stormwater Detention Basins on P118-23-00 project.
Construction shall take place in Harris County at Saltwater Ditch, C120 West Basin, and C120 East Basin for the Flood Reduction Improvements along Saltwater Ditch project.
Construction shall take place in Harris County at Aldine Bender Rd for the Lauder Stormwater Detention Basin - Phase 3A project.
Construction shall take place in Harris County at Detention Basin 1-3 where Halls Bayou meets Woodmoss Dr, East of Scoreggan Ln and East of Pine Vale Ln for the Stormwater Detention Basins on Halls Bayou near Hardy West project.

Activity Description:

Harris County Flood Control District shall construct channel improvements by installing concrete channel lining transitioning to earthen channel, reinforced silt fence, sodding, and seeding. Subrecipient shall also construct three stormwater detention basins: two (2) dry bottom and one wet bottom with a concrete lined side inlet weir and associated appurtenances for the Channel Conveyance Improvements and Stormwater Detention Basins on P118-23-00 project.
Harris County Flood Control District shall enclose the open Saltwater Ditch storm sewer system and will construct an outfall at Sims Bayou consisting of a headwall, concrete slope, and riprap. Two storm water detention basins will also be constructed and shall complete associated appurtenances for the Flood Reduction Improvements along Saltwater Ditch project.
Harris County Flood Control District shall remove and dispose of a large volume of accumulate fill dirt and concrete debris to mitigate a flood hazard impacting adjacent neighborhoods and shall complete associated appurtenances for the Lauder Stormwater Detention Basin - Phase 3A project.
Harris County Flood Control District shall construct four dry bottom detention basins which will include excavation, grading, the installation of maintenance berms, backslope sysems and swales, drainpipes into the basin, interior pilot channels, turf establishment and shall complete all associated appurtenances for the Stormwater Detention Basins on Halls Bayou near Hardy West project.
This activity consolidates the overlapping service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas.
This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2020 LMISD.

Proposed budgets for organizations carrying out Activity:

Responsible Organization	Organization Type	Proposed Budget
HARRIS COUNTY FLOOD CONTROL	Local Government	$ 62,786,107.65

Location Description:

Construction shall take place in Harris County at Sandman Ave, Milo Dr, FM 1942, and Crosby-Lynchburg Rd for the Barrett Station Drainage Improvements project.
Construction shall take place in Harris County at Detention Basin 1-3 south of Halls Bayou for the Channel Conveyance Improvements and Stormwater Detention Basin on P118-08 project.
Construction shall take place in Harris County at Halh North Stormwater Detention Basin and Halls Bayou East of East Hardy Rd for Hahl North Stormwater Detention Basin project.
Construction shall take place in Harris County at Hall Bayou Channel south of intersection of Hopper Rd to Briarwick Ln for Halls Bayou Channel Conveyance Improvements Downstream of Hopper project.

Activity Description:

Harris County Flood Control District shall improve the conveyance of stormwater across the San Jacinto River Authority main canal, which will include installation of reinforced concrete boxes storm sewer pipers and shall complete associated appurtenances for the Barrett Station Drainage Improvements project.
Harris County Flood Control District shall construct three new stormwater detention basins south of Halls Bayou. Construction will include clearing of vegetation and installing of reinforced concrete pilot channels, concrete outfalls, backslope swales, and concrete outfall weirs and associated appurtenances for the Channel Conveyance Improvements and Stormwater Detention Basin on P118-08 project.
Harris County Flood Control District shall construct a stormwater detention basin and perform channel widening in a section of Halls Bayou. Construction shall include clearing, grading, pipe removal, and installation of backslope swales, concrete interceptors, concrete lined pilot channels, and spillway and associated appurtenances for the Hahl North Stormwater Detention Basin project.
Harris County Flood Control District shall construct channel improvements by widening the existing channel along the bank of Hopper Road. Construction shall include excavation with intermediate shelf and side slope and associated appurtenances for the Halls Bayou Channel Conveyance Improvements Downstream of Hopper project.
This activity consolidates the overlapping service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the low- and moderate-income national objective using Census Tract and Block Group ACS 2015 LMISD.

Harris, County	Local Government	$ 19,142,740.77

Location Description:

Construction for the Dowdell Woods Subdivision project shall take place in Harris County at William Dowdell Dr., Ramona Dr., and Jefferson Oaks.
Construction for the Cypress Creek Estates Drainage Improvements project shall take place in Harris County at the Cypress Creek Estates subdivision.

Activity Description:

1. Harris County shall install drainage improvements with an outfall into Cypress Creek which includes construction of a supplemental storm water system with reinforced concrete sewer trunk line, inlets, and manholes; regrading roadside ditches; sloping asphalt roadways; installation of driveway culverts; and completion of all associated appurtenances for the Dowdell Woods Subdivision project.
Harris County shall construct drainage improvements including ditch regrading, installation of RCP storm sewer trunk line, inlets, manholes, driveway culverts, roadway improvements with outfalls into Cypress Creek, and completion of all associated appurtenances for the Cypress Creek Estates Drainage Improvements project.
2. This activity consolidates the distinct service areas of the all listed projects into one total reportable area. The projected beneficiaries in the Measures tab represent the "Total Number of Perons" to benefit.
3. This activity meets the urgent need income national objective using surveys.

HARRIS COUNTY FLOOD CONTROL	Local Government	$ 128,252,172.20

Location Description:

Construction shall take place in Harris County at Taylor Gully Channel Conveyance, S-3 Stormwater Detention Basin, and Rustling Elms Drive Bridge for the Taylor Gully CCI and Woodbridge Stormwater Detention Basin project.
Construction shall take place in Harris County at Kuykendahl Road Detention Basin, Cypress Creek Improvement Kuykendahl Road Crossing, IH-45 Detention Basin, and Cypress Creek Improvement IH-45 Crossing for the Cypress Creek Channel Rehabilitation and Stormwater Detention Basin Main Stem Batch 5 project.
Construction shall take place in Harris County at South Mayde Creek Channel, and Sand Pit Basin East of Ensbrook Meadow Ln for the South Mayde Creek Channel Conveyance Improvements and Stormwater Detention Basins project.

Activity Description:

Harris County Flood Control District shall make improvements along the channel bank and flowline in Taylor Gully, construct a wet bottom detention basin, replace the Rustling Elms Drive bridge class culvert with a bridge, and complete associated appurtenances for the Taylor Gully CCI and Woodridge Stormwater Detention Basin project.
Harris County Flood Control District shall construct two stormwater detention basins and conduct channel improvements along two segments of Cypress Creek, improvements include stabilizing bank slopes and installing maintenance berm and backslope swales with interceptors and outfall pipes. The associated basins will have a later weir and outfall pipe and complete associated appurtenances for the Cypress Creek Channel Rehabilitation and Stormwater Detention Basin Main Stem Batch 5 project.
Harris County Flood Control District shall construct channel improvements consisting of reshaping, removal of impediments, removing and replacing existing outfalls and constructing a backslope swale system. Construction will include a wet-bottom detention basin establishing stable slopes and an inflow weir structure and shall complete associated appurtenances for the South Mayde Creek Channel Conveyance Improvements and Stormwater Detention Basins project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. Construction shall take place in Harris County at W2, W3, and W4 Basins along Grand Parkway for the Stormwater Detention Basin on South Mayde Creek near Grand Avenue Parkway Phase I project.
Construction shall take place in Harris County at West TC Jester SWBD for the West TC Jester Stormwater Detention Basin project.
Construction shall take place in Harris County at Boudreaux SWDB West, Southwest, East and Southeast locations for the Boudreaux Stormwater Detention Basin Phase I project.

Activity Description:

Harris County Flood Control District shall contstruct three stormwater detention basin compartments, associated weirs, outfall structures and shall complete associated appurtenances for the Stormwater Detention Basin on South Mayde Creek near Grand Avenue Parkway Phase I project.
Harris County Flood Control District shall construct a 414 acre-feet stormwater detention volume in the Clear Creek Watershed, which will include an inlet weir and outfall pipe into Cypress Creek and shall complete associated appurtenances for the West TC Jester Stormwater Detention Basin project.
Harris County Flood Control District shall replace two existing dry bottom stormwater detention basins and construct two additional basins along the southern bank of Willow Creek, construction shall also include inflow and outflow structures and complete all associated appurtenances for the Boudreaux Stormwater Detention Basin Phase I project.
This activity consolidates the distinct service areas of each of the above projects into one total reportable area. The projected beneficiaries in the Measure tab represent the “Total Number of Persons” to benefit from all projects’ service areas. This activity meets the urgent need income national objective using Census Tract and Block Group ACS 2015 LMISD for all projects.
