AUSTIN — Today Texas Land Commissioner George P. Bush announced the Texas General Land Office (GLO) approved nearly \$17 million in Hurricane Harvey funds for Austin, Grimes, Liberty Counties and Wharton County, as well as Texas City and the city of Victoria to conduct buyout programs for homes located in a floodplain or repetitive flood areas. These communities were overwhelmed by Hurricane Harvey as heavy rainfall caused flooding of streets and homes, threatening public health, safety, and welfare.

County or Municipality	Grant Amount	Approximate number of homes to buyouts
Austin County	\$1,655,654	19
Grimes County	\$1,512,129	17
Liberty County	\$6,743,065	64
Wharton County	\$2,243,565	19
Texas City	\$2,270,138	20
City of Victoria	\$2,441,508	30

"Hurricane Harvey devastated communities across the Texas Coast," said Commissioner Bush. "These recovery funds are critical to protecting lives, homes and businesses from future storms. We continue to work with our partners in communities across the region to leverage these resources efficiently and effectively to benefit Texans affected by Hurricane Harvey."

Texas GLO Hurricane Harvey Recovery Funds:

Commissioner George P. Bush and the Texas General Land Office was appointed by Governor Greg Abbott to lead the historic Hurricane Harvey housing recovery efforts funded by \$5.676 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds from the U.S. Department of Housing and Urban Development.

The GLO allocated \$413 million of the allocation for infrastructure projects and \$275 million for local buyout and acquisitions to protect communities affected by the storm.

The GLO allocated the funds to regional Council of Governments' (COGs) based on a HUD approved needs assessment. The locally-led COGs then conducted methods of distribution (MODs) for determining infrastructure and buyout and acquisition amounts for cities and counties within each jurisdiction. COG boards are comprised of officials from the impacted communities elected in part to prioritize funds allocated for recovery programs. The MOD process requires public engagement and the GLO reviewed each MOD for compliance with federal rules and requirements before approving each plan.
